Board Chair Locke moved to table the resolution indefinitely; Board Member Peugh seconded. Board Members Farney and Sullard stated their discomfort with an indefinite tabling, preferring to table until the March or April Regular County Board Meetings. Board Chair Locke stated that it was not the Board's responsibility to directly manage grants under the Regional Planning Commission but stated the resolution could be reintroduced at a later date, if necessary. Board Member Wilson stated that the grant should not be administered through the County Executive's Office; he requested a status update from the grant stakeholders in 90 days. Board Member Carter asked about the status of the current grant funds; Board Chair Locke stated the current grant runs through June 2026, but the grant renewal is required in March. The motion to table Resolution No. 2026-26 indefinitely passed by voice vote.

PUBLIC INPUT

Benjamin Beaupre, of Champaign, compared the recent violent and repressive actions of the Department of Homeland Security and Immigration and Customs Enforcement (ICE) to historic contemporaries in the Fugitive Slave Act of 1850, the Ku Klux Klan of the early 20th century, and *Gestapo* police of Nazi Germany.

Jim McGuire, of Champaign Township, spoke against Resolution No. 2026-43 supporting the Responsibility in Firearm Legislation (RIFL) Act legislation, spoke against County Executive Summers' recent executive order restricting ICE activities in county facilities, spoke against the SAFE-T Act, and asked the Board to support state legislation allowing election judges to work shifts on election day.

Urbana Police Chief Larry Boone spoke in support of Resolution No. 2026-43 supporting the RIFL Act legislation.

Reynaldo Camas, of Champaign, spoke in support of Resolution No. 2026-43 supporting the RIFL Act legislation, spoke about recent negative interactions with Board Member Carter and defended his right to speak during public input at County Board meetings.

County Clerk and Recorder Aaron Ammons spoke about the delayed County Audit, which may bar his office from state reimbursement grants for election expenses, if not completed by May 2026. The various reimbursements will total more than $250,000. He also spoke about County Administration deducting funds from his department to pay for union-negotiated employee bonuses.

County Circuit Clerk Susan McGrath spoke about County Administration deducting funds from her department to pay for union-negotiated employee bonuses, and questioned why the Board decided to strike Resolution No. 2026-51 appropriating funds to cover a shortfall in personnel lines for FY2025 without informing her.

Rebekah Mangels of Champaign spoke against artificial intelligence (AI) data centers and in support of the proposed Data Center Task Force. She distributed a document with findings and recommendations for the Board to consider regarding AI, data centers, and the proposed task force.

Isabel Scott of Champaign spoke against AI data centers and AI, in general; she spoke in support of the proposed Data Center Task Force.

Zev Alexander of Champaign spoke against AI and tech billionaires and spoke in support of the proposed Data Center Task Force.

Alice Smith of Urbana spoke about community water needs, noting they are at odds with those of AI data centers, and spoke in support of the proposed Data Center Task Force.

Farah Abi-Akar of Urbana spoke against data centers and in support of the proposed Data Center Task Force.

Board Member Sullard offered a motion to suspend County Board Rule (Resolution No. 2025-64, X. E. 6) that prevent board members from “engaging in dialogue with members of the public during public input”; Board Member Lokshin seconded. The motion carried by unanimous voice vote.

County Auditor George Danos spoke about the delayed County Audit, noting the delay has increased significantly since being taken over by County Administration. He also noted his refusal to approve non-compliant purchases due to his inability to investigate those purchases. He asked the Board to restore the County Audit responsibilities to the Auditor’s Office. Board Member Sullard stated that Auditor Danos’s refusal to review expenses for non-compliance was in violation of statute; Auditor Danos stated to approve non-compliant expenses without proper review would be negligent and in violation of the intent of the statute. Board Member Peugh passionately requested the completion of the County Audit; County Executive Summers reminded Board Member Peugh to refrain from using obscene or profane language. Board Member Hanauer-Friedman blamed Auditor Danos for the delayed County Audit.

Board Member Farney moved to close public input; Board Member Sullard seconded. Board Member Settles objected to the closure motion as she had unasked questions. Board Chair Locke suggested the discussion with Auditor Danos could continue later in the Agenda, where appropriate. Board Member Fortado noted that Robert’s Rules of Order dictated that a closure motion is not a debatable action and requires a two-thirds majority for passage. The motion to close public input failed by roll-call vote:

Yeas: Cagle, Esry, Farney, Hanauer-Friedman, and Sexton – 5
Nays: Vanichtheeranont, Wiggs, Wilson, Arres, Carter, Crane, Fortado, Lokshin, Peugh, Rodriguez, Settles, Sullard, Thorsland, and Locke – 14

Board Member Fortado offered a motion to extend public input by 15 minutes for board member questions of Auditor Danos, as the allotted 60 minutes had been exceeded; Board Chair Locke seconded. The motion carried by voice vote.

Board Member Settles asked about personnel in the Auditor's Office; Auditor Danos stated that five staff members were added to the new County Finance Department, replacing the potential Auditor's Office staff. Board Member Settles asked how much external auditor CliffordLarsonAllen is costing the county; Auditor Danos stated more than $100,000 per year for the external audit and about $70,000 for creating an annual Comprehensive Financial Report template; Board Member Lokshin noted that the external audit is statutorily required. Board Member Carter spoke about a board member faction that refuses to work with Auditor Danos despite voters rejecting the ballot initiative to eliminate the office and re-electing Auditor Danos. Board Member Wilson spoke about Auditor Danos' refusal to sign off on non-compliant purchases and requested a report on both the statute and compliance. Board Member Lokshin asked Auditor Danos if he took responsibility for the delayed audit; Auditor Danos defended his record as County Auditor and blamed the Board for exasperating the delay. Board Chair Locke provided background on the history of Auditor Danos' handling of the County Audit; Board Chair Locke and Auditor Danos proceeded to shout at each other. State's Attorney Julia Rietz interjected and advised the Board to end the discussion with Auditor Danos and continue with the meeting Agenda; Board Chair Locke ignored the advice of State's Attorney Rietz and continued shouting at Auditor Danos. Board Member Fortado noted that Auditor Danos has only once delivered an on-time County Audit during his tenure in office; she requested an accounting of the costs of the County Audit.

CONSENT AGENDA

Board Member Thorsland offered a motion to adopt the Consent Agenda; Board Member Cagle seconded. The motion consisting of twelve resolutions (Nos. 2026-27, 2025-28, 2025-29, 2025-30, 2025-31, 2025-32, 2025-33, 2025-34, 2025-35, 2025-36, 2025-37, and 2025-38) and two ordinances (Nos. 2026-3 and 2026-4) carried by unanimous roll-call vote:

PRESENTATION

County Executive Summers noted that representatives of the Prairie Research Institute were not available to present on the Mahomet Aquifer Mapping Results.

DREAAM Assistant Director of Community Services Kathy Garrison gave a presentation on DREAAM's American Rescue Plan Act (ARPA) funded HOPE gun violence response program; HOPE Street Outreach Leader Travon Pickens spoke about the Street Outreach program. Board Member Rodriguez asked about mediations; Leader Pickens spoke about training, real-life procedures, and how needs are assessed and resolved Assistant Director Garrison and Board Members Peugh and Carter praised the Street Outreach mediation work. Board Member Wilson asked how HOPE is aiding in restorative justice for victims; Assistant Director Garrison spoke about the victim services. Board Member Carter asked how often participants meet; Assistant Director Garrison stated that meetings have no strict schedule; Leader Pickens stated that meeting times and places are unique, individually and situationally dependents and he spoke about daily neighborhood check-ins, regular meetings, and individual experiences beyond their neighborhood, noting all forms require careful engagement.

ARPA Project Manager Kathy Larson provided a brief update on various ARPA-funded projects, noting the memo in the Agenda Packet. Board Member Fortado suggested, at the March Regular County Board Meeting, the Board set timelines for completion for the outstanding projects, noting that if the Rural Broadband Project were to miss the April phase I status deadline, it would raise serious concerns. Board Members Fortado and Wilson discussed the need to establish a plan to recover ARPA funds for project that may not be able to be completed and plan to redeploy those funds elsewhere. Director Jett was invited to join the discussion and stated she will provide the Board with an update memo on the Rural Broadband Project from Volo, who feels confident they can complete the project on time, but noted that any unspent funds allocated to that would need to be spent on something similar. Board Member Carter asked about the SLEEP program and the Economic Development Corporation small business grant program; Project Manager Larson stated that SLEEP had 57 clients and spent approximately $115,000 and that she has no new information on the small business grant program, where it last stood at 31 grants administered. Board Member Fortado stated the Board should amend the SLEEP agreement to increase the budget for outreach and consider additional neighborhoods, including incorporated areas adjacent to the unincorporated areas currently served. Board Chair Locke asked why the Garden Hills project funds have not been spent; Project Manager Larson stated that the invoice had been submitted but more documentation is required before submitting the funds. Director Jett asked the Board to direct her to explore expanding the SLEEP coverage area; the board affirmed. RE: **Additional Deputy Sheriff Position**

As you know, for several years the Village of Savoy has contracted with the Champaign County Sheriff's Office to provide police services. As part of that contract, three full-time deputies are assigned to patrol the Village. After discussions with the Village of Savoy on an upcoming contract renewal, it has been mutually decided to add a fourth deputy to the contract. As with the other three deputy positions, this fourth deputy position will be fully reimbursed by the Village of Savoy.

As part of this ongoing collaboration, I am asking the County Board to approve two things:

1. As our current authorized number of deputies does not allow for this additional deputy, I am respectfully requesting the County Board increase the number of authorized deputies by one (resolution attached).

2. Because there are some initial costs for an additional deputy position, I am respectfully requesting the County Board approve a Budget Amendment to cover initial costs that are not currently in our FY26 budget. These costs will be reimbursed by the Village of Savoy in this Fiscal Year.
    - Increased Expenditures - $85,438
    - Increased Revenue - $85,438

Please let me know if you have questions and thank you for your continued support of me and my Office.

RESOLUTION NO. 2026-59

WHEREAS, the Sheriff has requested the addition of one Deputy Sheriff position to help provide contractual police services to the Village of Savoy; and

WHEREAS, funding for one additional Deputy Sheriff position will be provided in full by the Village of Savoy; and

c) If the new pollution control facility called for by the plan has not gone into operation, a report on the progress made towards bringing the facility into operation, including those additional measures not previously identified in the plan which are intended to be implemented, which would guarantee a constant flow of a given amount of solid waste to a given facility or facilities.

d) A review of the 5-year solid waste forecast and the adequacy of the policies provided for the certified plan to meet that projected solid waste disposal need.

e) Every fifth year after the certification of the plan, a review of the 20-year solid waste forecast and the adequacy of the policies provided for in the certified plan to meet that projected solid waste disposal need.

B) Revenue bonds have not been issued to finance a new pollution control facility in the reporting year.

Progress Made Towards Goals

- Champaign County offers public notice of Residential Electronic Collection events and Household Hazardous Waste events.

- The Champaign County Zoning Ordinance included additional verbiage and land uses under Case 058-AT-22 on February 23rd 2023. Champaign County did not receive applications for any such facilities in the calendar year 2025 but continues to support lawful development of such facilities.
- Champaign County offers battery recycling drop-boxes for employee and citizen use.
- Champaign County continues to financially support Champaign County Environmental Stewards (CCES). CCES is a non-profit that is currently funding a facility for year-round recycling options for household hazardous waste.
- Champaign County continues to financially support the Product Stewardship Council. The Illinois chapter is dedicated to environmental sustainability in the form of extended producer responsibility.
- The Department of Planning & Zoning directs residents of the unincorporated area of the County to disposal and recycling locations as inquiries arise.

CHAMPAIGN COUNTY

COMMISSION

Memo

To: Champaign County Board
From: Dalitso Sulamoyo, Chief Executive Officer, RPC
Tami Ogden, Chief Operating Officer, RPC
cc: Steve Summers, Champaign County Executive
Date: March 19, 2026
Re: Subject Proposed Purchase of Property – 2107 S. Neil Street, Champaign, Illinois

---

Background

The Champaign County Regional Planning Commission (RPC) is seeking authorization from the Champaign County Board to execute a Purchase and Sale Agreement with Champaign Portfolio Holdings, LLC for the acquisition of property located at 2107 S. Neil Street in Champaign.

For over 2 years, RPC has been working toward the goal of owning a permanent facility to support its programs and administrative services. This effort included the following:

- Pursuing statutory changes allowing Regional Planning Commissions in Illinois to own property.
- Updating agency bylaws following consultation with Bond Counsel, to ensure the organization has the appropriate governance structure to own property and how to dispose of it in the event the organization is no longer in business.
- Strategically conserving organizational resources to position RPC to make a responsible and sustainable property investment.
- Touring and evaluating multiple buildings to determine feasibility, space fit, and affordability for potential office relocation.

Ownership of its administrative building would be a significant milestone for RPC. In the long term, it would reduce ongoing overhead costs associated with leasing space, allowing RPC to redirect more resources toward its core mission. Specifically, ownership would help RPC:

- Increase the proportion of funding directed toward program services that benefit the communities we serve.
- Provide more competitive and sustainable wages for staff, helping us recruit and retain high-quality employees.
- Strengthen the long-term financial stability of the organization.
- The proposed acquisition represents a significant step toward establishing a long-term, stable headquarters for RPC operations.

With the consent of the State's Attorney's Office, Mary Ann Royse, Webber Thies, was engaged to assist in negotiating the Purchase and Sale Agreement (PSA).

Property Description

The transaction includes:

- The real estate and commercial building located at 2107 S. Neil Street, Champaign.
- All structures, improvements, fixtures, and equipment associated with the property.
- Access rights, easements, and related property interests.
- Transferable permits and service contracts related to the property.

Key Terms of the Purchase Sale Agreement

- Purchase Price: $2,361,750

- RPC will be responsible for due diligence costs (inspections, surveys, appraisals) and any financing-related expenses.
- The seller will cover state transfer taxes, title insurance policy, broker commissions, and deed recording costs.
- Closing Timeline: Approximately 30 days after completion of the due diligence review period, unless otherwise agreed by the parties.

Due Diligence and Conditions

RPC has a 30-day review period to conduct due diligence, which includes:

- Review of title commitment and survey documents
- Physical inspections of the building and site
- Environmental and engineering assessments if necessary
- Evaluation of leases and tenant arrangements

During this period RPC may terminate the agreement if the property does not meet expectations, in which case the initial earnest money would be returned.

Property Access & Insurance Requirements

- Purchaser and its agents/contractors must provide proof of commercial general liability insurance with minimum coverage of $1,000,000, naming the Seller as an additional insured before entering the property.
- Property access is only permitted at dates and times approved in writing by the Seller and may require Seller supervision or presence of Seller personnel/consultants.

- Purchaser must make best effort to avoid disclosing the terms of the agreement to tenants or others with a possessory interest in the property.

Seller Covenants Prior to Closing

- Seller must notify Purchaser if condemnation proceedings or major property damage occur before closing.
- At Purchaser request, Seller will terminate certain service contracts that can be cancelled without penalty before closing.
- Seller cannot modify, terminate, or create new leases without Purchaser's consent (consent deemed granted if no response within 5 business days).
- Seller must repair a currently leaking portion of the roof at its expense before closing.

Damage, Destruction, or Eminent Domain Before Closing

- If property damage is ≤ $100,000, Purchaser proceeds with closing and receives insurance/condemnation proceeds and deductible credit.
- If damage is > $100,000, Purchaser may either:
  - Proceed with closing and receive proceeds/credits, or
  - Terminate the agreement and recover earnest money.

Default & Remedies

- If Purchaser fails to close without valid cause:
  - Seller may terminate the agreement and retain the earnest money as liquidated damages.
- If Seller fails to perform:
  - Purchaser may terminate and recover earnest money plus up to $30,000 in documented costs, or
  - Seek specific performance (force completion of the sale).
  - Terminate the agreement and recover earnest money.

CHAMPAIGN COUNTY
REGIONAL PLANNING
COMMISSION

Recommendation

CCRPC recommends continuing with the due diligence process outlined in the Purchase and Sale Agreement and proceeding toward closing if the property meets operational, financial, and facility requirements.

Action Requested

RPC is seeking approval of the Purchase Sale Agreement by the Champaign County Board.

Re: Champaign County Select Building Demolition Project ITB #2026-002
Architect Recommendation of Award of Bids

Dear Ms. Jett:

The following is Bailey Edward's bid analysis and recommendation for ITB #2026-002 Champaign County Select Building Demolition. This scope is for the demolition of the existing nursing home and modification of the existing ILEAS facility. This work was bid as one (1) General Work bid with one (1) alternate bid.

Pre-Bid Effort

The Project Team targeted qualified contractors to solicit interest and bids. Bailey Edward followed up with the Contractors to clarify the scope of the project, provide information, and confirm overall Prime Contractor commitment to providing bids in efforts to receive competitive bids. The plans were posted in a plan room and printed, and electronic copies were made available at our offices. The select documents were also available for free download from the Champaign County web site.

Bid Results

Two (2) bids were received and opened on Tuesday, March 10, 2026, at 4:00 pm in Conference Room 102 at the Bennett Administrative Center. Bids were as follows:

Contractor	Base Bid Amount	Alternate Bid 1 Amount
Ezell Excavating Inc.	$999,800.00	$39,900.00
Mid-Illinois Concrete & Excavation, Inc.	$1,055,400.00	$44,200.00

There was one (1) Alternate Bid and one (1) Unit Price as part of the bid. The base bids above along with the alternate, are in line with the recent cost estimate and the funds available for construction while still allowing for a construction contingency to address uncovered conditions during construction. A complete bid tabulation with analysis is attached to this letter.

Comparison Analysis based on Bid and Scope Review

After the bid opening, Bailey Edward's team discussed the project with Ezell Excavating to get a sense of bidders understanding of the project scope. After speaking with the Ezell Excavating representative, they reported that their company is comfortable with their bid amount, understands the scope of the work, and are looking forward to working on this project with the County.

Bailey Edward's Recommendation

In our discussions, it was confirmed that both the bidders are quality firms and have the experience to perform a project of this scope. Therefore, after careful consideration, we recommend that Champaign County accept the bid from Ezell Excavating Inc. We recommend Alternate No. 1 to be selected. Should you have any questions or require additional information, please do not hesitate to contact our office at your earliest convenience.

Respectfully,

Karla J. Smalley, AIA

As a former Champaign County Board member and a former member of the Mental Health Board, I am familiar with the MHB staff, the property tax levee that funds the MHB, and the application and review processes used by the MHB.

What do you believe is the role of a trustee/commissioner/board member and how do you envision carrying out the responsibilities of that role?
Members of the Mental Health Board find holes in the county's mental health services safety net and match them with providers who can fill these gaps with the money allotted through the MHB funding process. They are stewards of public funds and operate transparently and efficiently-- holding services providers accountable to funding guidelines and deadlines and listening to the voices of those affected by mental health issues in our county.
