| Third Meeting:                 | 08.12.2024 |

IV. Studies on Efficiencies

- Currently one tax assessor is used for two townships and next year, an additional township will be added to the duties of elected tax assessor. Thereby saving costs to the taxpayers of all three townships for the same service currently being offered.
- The multi-township duties and responsibilities are carried out by elected officials not by full time employees receiving benefits.
