Re: Champaign County Broadband Plan  
Contact: County Executive Darlene Kloeppe (217)384-3776

Champaign County is developing a plan to cover the entire county with affordable, accessible broadband service. We're asking folks to complete two short surveys regarding current internet access at your home or at your business. Here are links for the **two surveys to complete** - the one labeled **speed test** and the other one either the **residential or business survey**. Your responses will help us identify gaps in current broadband coverage and potential solutions to facilitate good access to every county resident.

Speed Test <https://www.surveymonkey.com/r/S36BKS8>

AND

Residential <https://www.surveymonkey.com/r/SMG9VBVY>

OR

Business <https://www.surveymonkey.com/r/SFN5KFQ>

Please share these surveys widely with your network of friends, colleagues, business affiliates, clients, etc.
