

Mary Ross, B.S.

Criminal Justice
Associate's Degree, Therapeutic Recreation

**CERTIFIED FORENSIC
INTERVIEWER**

Mary Ross is our Multidisciplinary Team (MDT) Coordinator and a Forensic Interviewer. She worked with children and families for over 30 years for the Urbana School District. She has experience in classroom management, coordination of services for homeless families, and office management.

Mary facilitates dialogue with Child Welfare and Law Enforcement Investigators related to information sharing for cases needing forensic interviews, joint investigations, and case reviews. Mary leads the monthly MDT case review meetings to ensure team members (law enforcement, mental health, attorneys from the State's Attorney's office, mental health practitioners, and Department of Children & Family Service investigators) work together to develop the best course of action for the child victim and their non-offending caregiver. Mary's experience with children, families, and office management has been a welcome addition to the CAC team.
