**Reentry Program – Final Report**  
**March 1, 2017 – June 30, 2018**

This past year has seen a number of activities and changes to Rosecrance Central Illinois' (RCI) Reentry Program, which supports adults returning to Champaign County from incarceration and has been funded by the Champaign County Board since early 2014. Progress has been made, such as closer collaboration with the Champaign County Housing Authority, yet challenges remain. The following report details this information, as well as data, for this past year.

**Activities**

The Reentry Council has met 11 times during this program year (March 1, 2017 – February 28, 2018).

With the resignation of Ed Bland, Executive Director of the HACC, the Reentry Council approached Interim Director, Cindi Herrera, with requests for closer collaboration. Ms. Herrera was agreeable to the request and assigned an HACC representative to the Council. In addition, Ms. Herrera welcomed the concept of a pilot reentry program, and review of the agency's policies and practices based on HUD's recently released guidance around the topic of access to public housing for persons with criminal backgrounds. We hope to work with the new Executive Director, David Northern, to further the progress made.

Rosecrance staff, including the Reentry Case Manager, took part in the Resource Fair that accompanied the annual Expungement and Sealing Summit. Reentry staff has developed a Reentry Resource Guide, detailing various available and accessible resources to address common needs of the reentry population. The Guide is kept as a living document, to which changes are made that reflect shifting resources in the community.

The Council of State Governments Justice Center released a Housing Needs and Risks Screening Questionnaire. The questionnaire was provided to the Council for review and guided a number of discussions at monthly meetings. The Council determined that while housing is a need identified by the Program, there has not been discernment between housing needs and homelessness. As such, the Council agreed that this would be an important distinction to make going forward. In light of this, the Reentry Case Manager began screening clients with the Questionnaire. It has since been determined that the questionnaire requires refinement to improve the questions and their sequence.

Program staff attended a presentation by the Corporation of Supportive Housing's Senior Program Manager, John Fallon. Mr. Fallon spoke about the work involved in developing housing for populations with special needs, particularly in communities where such an undertaking has proven difficult. Of note, when asked, Mr. Fallon suggested pursuing a reentry housing pilot for a target population specific to adults with behavioral health needs returning from incarceration, as opposed to a reentry housing pilot for the general reentry population due to the lack of support typically expressed for such efforts.

Reentry staff and Council members were involved in the work conducted by the Crisis Response Planning Committee (CRPC) on the Justice and Mental Health Collaboration Program (JMHCPC)

planning grant. The CRPC's recommendations speak to local reentry needs, particularly the following:

1. Establish a Behavioral Health and Justice Coordinating Council (BHJCC) to oversee all CJ/BH activities
2. Implement risk-needs-responsivity (RNR) screening at earliest point in the CJ process, to inform decisions throughout the system and levels of service provision
3. Enhance reentry services specifically for the population with mental illness or co-occurring mental health and substance use disorders
4. Ensure adequate resources and facilities for community behavioral health providers working in the jail

The establishment of a BHJCC would involve convening an additional justice-focused group, with particular regard for persons with behavioral health needs who are involved in the criminal justice system – beyond initial contact with law enforcement. The County's JMHCP implementation grant application, which would have provided support for a BHJCC, was not successful. The Reentry Council supports an expansion of the group focus to include the justice-involved population with behavioral health needs, as well as Intercept 3 (jail).

Implementing Risk, Needs, Responsivity (RNR) assessment provides a consistent methodology for assessing and determining appropriate levels of service for individuals. This would, in turn, augment the recidivism data collected by the Program for both the engaged and non-engaged populations from the jail.

Enhancing reentry services for persons with behavioral health needs aligns with the views of the Reentry Council, as does ensuring adequate resources and facilities for program providers in the jail.

#### **Other Funding Opportunities**

Illinois Criminal Justice Information Authority released a Notice of Funding Opportunity (NOFO) for a Residential Substance Abuse Treatment Program that could be based in the jail. A summary of the NOFO was provided to the Council, which determined that the feasibility of meeting the NOFO requirements was unlikely.

A grant to the U.S. Department of Justice Request for Proposals (RFP) for a Second Chance Act Comprehensive Community-Based Adult Reentry Program was submitted. The RFP involved a number of mandatory requirements, including in-reach to correctional facilities, Memorandums of Understanding with correctional agencies, and the use of a validated RNR assessment. The RFP was not successful and, based on the grants awarded in this category, it is staff's interpretation that reviewers supported program serving more generalized populations.

#### **Program Changes**

In June 2017, Matt Chouinard, the Reentry Case Manager since June 2015, resigned from the position. Reentry case management duties were covered by the Criminal Justice Team Leader until the position was filled. And, in July 2017, Anitra Nance accepted the Reentry Case Manager position.

Ms. Nance came to the Reentry Program from RCI's Parenting with Love and Limits Program, and has extensive experience in client engagement and outreach. Prior to the elimination of case management services in the Reentry Program, Ms. Nance proved to be great asset to the Reentry Program.

In mid-December, the Reentry Program shifted to a "Contact and Refer" format, for persons released on Parole to Champaign County. The Criminal Justice Liaison continues to receive weekly release lists from IDOC Parole, and contact IDOC releases through a mailing and a phone call. In the initial phone call, the Liaison screens individuals to determine identified needs.

- For persons with no behavioral health concern, who identify other needs, the Liaison provides referral information to various community resources over the phone, via email and/or postal mail.
- For persons that need only a Substance Abuse Assessment, as part of his/her stipulations from the Parole Review Board, he/she will be referred to walk in hours at RCI's Walnut St. location. Or, for those wanting to set an appointment, they are referred to RCI's Substance Abuse Services Clinical Coordinator.
- Persons who communicate a behavioral health (BH) concern (Mental Health, Substance Abuse or Co-occurring Disorders) are referred to a Master's-level Social Work Intern, for further assessment and resource referral.
  - If a mental health treatment need is detected, the Intern will link the individual to additional RCI case management services and, if needed, psychiatric services at Promise Healthcare. The Intern will also provide additional referral information to community resources for other identified needs.
  - If a substance use treatment need is detected, the Intern will link the individual to additional RCI substance use treatment services. The Intern will also provide additional referral information to community resources for other identified needs.
  - If a BH need is not detected, the Intern will provide referral information to community resources for other identified needs, and send a letter to the individual's Parole Agent stating that further treatment needs were not indicated.

Identified needs and linkage data, to the extent possible, is collected and reported.

The purpose in modifying the Program was to address its fast-approaching termination date of February 28, 2018. The amendment to the one-year contract, to extend an additional four months to June 30, 2018, enhances coordination of services for individuals with behavioral health needs returning to Champaign County from incarceration, in addition to aligning the contract year with RCI's fiscal year, which runs July 1 – June 30.

In March 2018, IDOC Parole informed the Program that they may no longer be able to share the list of people releasing from IDOC to the community. A final decision regarding this development is awaited. In addition, the Program Coordinator position was vacated. Since that time, various Rosecrance staff contributed to activities as the Program's conclusion approached.

At the June 21, 2018 County Board meeting, the Board voted to extend the Reentry Program contract with Rosecrance for an additional year. As a result, Rosecrance will reinstate reentry case management services, formalize the Reentry Council via the execution of bylaws, election of a Chair, and formation of an executive committee, and continue to provide administrative support to the Council.

### **The Year in Numbers**

The chart on the following page indicates the number of people served by the program this past year, as well as their identified needs and linkage information. It must be noted that linkage information is much more difficult to collect due to the change in program format, to the contact and refer method, as linkage information was previously collected during ongoing case management sessions. As such, it is expected that more linkage to community resources occurred in January and February 2018 than has been confirmed and illustrated in the chart.

## Recidivism Data

### Engaged Population

Recidivism data detailed in the following charts focuses on the first three yearly cohorts of the Reentry Program, as well as the fourth cohort which was truncated by changes made to the program's format that eliminated case management services as of December 10, 2017.

During the time that Reentry Case Management Services were implemented at Rosecrance Central Illinois (June 1, 2014 - December 9, 2017), 330 service plans were completed. Seven of these were for duplicate participants, resulting in 323 unduplicated participants having engaged in the Reentry Case Management services.

The following information categorizes the variations of program engagement and recidivism data for those who chose to engage in reentry case management services.

### Definitions

***Non-Engaged Population***

Since Reentry Services were implemented on June 1, 2014, a total of 847 unduplicated people have been contacted (42 duplicate contacts = 889 total contacts). Of those, 600 unduplicated people agreed to be screened (27 duplicate screens = 627 total screens) for the Reentry Program.

Recidivism data detailed in the following charts focuses on the first three yearly cohorts of those persons contacted and screened by the Reentry Program, but who did not engage in services through the Program. These cohorts total 460 individuals.

In addition to the individuals for whom recidivism has been calculated, as illustrated in the previous charts, recidivism data has been calculated for the 27 released individuals who have received the recently re-formatted Contact and Refer reentry services. In addition to the N being miniscule, this group has been released for a short period of time, between December 10, 2017 and February 28, 2018. At this time, no one in the group has received a new judgment. However, one individual does have a pending charge.

**Conclusion**

A number of changes have occurred in Rosecrance Central Illinois' (RCI) Reentry Program this past year. With the anticipated conclusion of the County's reentry grant at the end of June, reentry program staff left and were reassigned as the end of the Program drew near.

At the June 21, 2018 County Board meeting, the Board voted to extend the Reentry Program contract with Rosecrance for an additional year. As a result, Rosecrance will reinstate reentry case management services, formalize the Reentry Council via the execution of bylaws, election of a Chair, and formation of an executive committee, and continue to provide administrative support to the Council.

It remains the view of the Reentry Council that more resources are needed in Champaign County to better support the successful transition of citizens returning here from incarceration. With recent leadership changes at the Champaign County Housing Authority, it appears that housing options, perhaps the most critical need faced, for the reentry population, will be increased.

As reentry case management is a vital component of success for all persons returning from incarceration, willing to engage in supportive services - particularly those with behavioral health needs, it is the hope of the Council that all supportive resources will become sustainable. On-going, reliable support for releasing individuals will offer the best opportunity to formerly-incarcerated people to establish productive lives that will serve the betterment of themselves, their families, and the Champaign County community.

**STATUTORY AUTHORITY:**

The Illinois Constitution – Article VII, Section 4(c) provides the following authority regarding elected county offices:

Each county shall elect a sheriff, county clerk and treasurer and may elect or appoint a coroner, recorder, assessor, auditor and such other officers as provided by law or by county ordinance. Except as changed pursuant to this Section, elected county officers shall be elected for terms of four years at general elections as provided by law. Any office may be created or eliminated and the terms of office and manner of selection changed by county-wide referendum. Offices other than sheriff, county clerk and treasurer may be eliminated and the terms of office and manner of selection changed by law. Offices other than sheriff, county clerk, treasurer, coroner, recorder, assessor and auditor may be eliminated and the terms of office and manner of selection changed by county ordinance.

The Illinois Compiled Statutes – 10 ILCS 5/28-7 – provides the process for implementing a recommendation under Illinois Constitution Article VII, Section 4(c):

Sec. 28-7. In any case in which Article VII or paragraph (a) of Section 5 of the Transition Schedule of the Constitution authorizes any action to be taken by or with respect to any unit of local government, as defined in Section 1 of Article VII of the Constitution, by or subject to approval by referendum, any such public question shall be initiated in accordance with this Section.

Any such public question may be initiated by the governing body of the unit of local government by resolution or by the filing with the clerk or secretary of the governmental unit of a petition signed by a number of qualified electors equal to or greater than at least 8% of the total votes cast for candidates for Governor in the preceding gubernatorial election, requesting the submission of the proposal for such action to the voters of the governmental unit at a regular election.

The Illinois Compiled Statutes – 55 ILCS 5/3 – provides the statutory authority for the office of Recorder, and also establishes that in counties having a population of less than 60,000 where there is not an elected Recorder, those duties are placed with the Office of the County Clerk:

The remaining 77 counties in Illinois, all with populations below 60,000, utilize the County Clerk/Recorder form of operation.

## **RECENT CHANGES by COUNTIES**

Of the eleven counties with population over 60,000 with combined functions of the elected office of Recorder and County Clerk, six have made that transition in recent years. In all six examples, the elimination of the position was to generate savings for the taxpayers while continuing to

provide the same levels of service through the consolidation of functions under the County Clerk. The six counties are:

Tazewell County	Voters approved in 2011	Elimination of position in 2012
McLean County	Voters approved in 2012	Elimination of position in 2013
Peoria County	Voters approved in 2014	Elimination of position in 2016
Cook County	Voters approved in 2016	Elimination of position in 2020
McHenry County	Voters approved in 2018	Elimination of position in 2020
Winnebago County	Voters approved in 2018	Elimination of position in 2020

### **POTENTIAL OUTCOMES of ELIMINATION**

As reported to the Champaign County Board in 2015 when the Board last reviewed this issue, it is anticipated that Champaign County could also experience financial savings if the Recorder position is eliminated. The current staffing budget for the Recorder’s Office is 5.5 FTE positions. Based on the volume of business managed by the Recorder’s Office, the elimination of the elected Recorder would likely not change the need for the total number of FTE positions; however, the assignment of management responsibility to a position similar to that of the Chief Deputy Recorder, under the supervision of the County Clerk, could be achieved. The budgetary difference is then tied to the difference between the salary of the elected Recorder and that of a line staff position – anticipated to generate annual savings of approximately \$60,000.

The other potential benefit is in bringing the oversight of the clerical support positions of County Clerk and Recorder under the direction of one official. This creates the opportunity for cross training of all staff, resulting in the flexibility to move staff from one function to another depending on current demand.

As documented in a study conducted by Winnebago County in October 2017, the County Clerk and Recorder share common duties as “the collection, maintenance and retrieval of important records”. The elimination of the elected Recorder position and placing the administrative functions and responsibilities under the authority of the elected County Clerk is a responsible form of management that works in over 85% of the counties of the State of Illinois.

Pius,

The several questions we've addressed from the conversations with you and Deb on Monday morning, and what we were able to put together in response:

**Can the CB set up the office as a stand-alone office not under County Clerk?** Answer: No it couldn't be stand alone. (See AG Opinion 1126 – Piatt County attempted to eliminate office of coroner and then set up “death investigator” with some duties, appointed leader, two year terms.) This was not constitutional because coroner [same as recorder] was set up by constitution and CB has no authority by law elsewhere to create a position with those constitutional duties.

But according to AG Opinion S-1127, while the County Code provision which establishes that the county clerk is the recorder in counties under 60,000 – that does not mean the Clerk automatically would assume the duties of Recorder in Champaign County due to our population size. Now that doesn't mean that transfer of duties doesn't make the most logical sense because of their similar statutory duties and this statutory structure in smaller counties, but what the AG's Opinion states is that the question needs to be clear what office would assume the duties. The COW agenda packet shows that the question posed is that Clerk's Office would do that, which is fine and acceptable for the Board to put forth as the referendum question, but its not accurate to say only the Clerk's office could do this based on the County Code.

**Can this happen in 2018 and not 2020, as currently drafted?** The rules on timing involve that the same referendum may not be provided more than once in any 23-month period and then must go on the ballot at the general, regular, or special election no later than at least 78 days after the adoption of the resolution placing it on the ballot. AG Opinion S-508 states that the Constitutional convention discussed the power to vest elimination by referendum is without limitation; and that when that office is abolished, all rights to that office cease. In that Opinion the office could be eliminated at the same election where someone was going to be elected as recorder, and the office could still cease immediately without having to pay the newly elected official for 4-years, etc.

In somewhat “non-legal” research, Winnebago County did a pretty in depth consolidation study in October 2017 before putting the question on the March 2018 primary ballot. In that study, the timelines of all the other counties that have undertaken consolidations are included. In each, the year of the referendum and the year of consolidation differ, but McClean County voted on the question in 2012 and eliminated in 2013, which couldn't have been the end of a recorder's term. In all of this “quick non-legal research” it appears that the consolidations make the end of the current recorder's term the time put forth on the referendum – which is probably a “best practice” without black and white legal support - and affords office holders and/or candidates the opportunity to build platforms on the substance of the issues and for transition plans to be made.

Please note that these responses are framed through the questions posed. Let me know if you need more legal research from our office,

Attached is the list of regular and alternate election judges for your party in each precinct in Champaign County. Please review the list and make any changes, deletions, or additions in the space provided, sign the certification, and return it to our office. At the July County Board meeting, the list of judges will be approved by the Board, submitted to the court with an opportunity for comment, and finally approved by the court.

While this is the official list of judges, changes to the list happen regularly over the next two years, especially in preparation for each election.

**CERTIFICATION**

The list of judges below, as corrected, deleted, and added to, is complete list of judges to be certified by the Champaign County Circuit Court for the Party.

### **MEMORANDUM**

**To:** Honorable Members of the Champaign County Board

**From:** Tami Ogden, Deputy County Administrator of Finance

**Date:** July 10, 2018

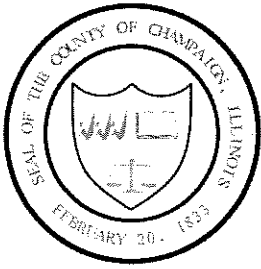

**Subject:** Final ADA Report to the Department of Justice

---

As required by the terms of its Settlement Agreement under the Americans with Disabilities Act, the County submitted its final report to the Department of Justice (DOJ) on July 10, 2018. Comprehensive spreadsheets and Certifications prepared by the County's Independent Licensed Architect were delivered by mail. With the exception of Attachment K, which comprises the Sheriff's Office and downtown Correctional Center, the County has complied with the remedial actions required by DOJ.

The downtown facilities cited in Attachment K are rated as "poor" in the County's 2015 Facilities Condition Assessment and in addition to the access issues named by DOJ, they require a significant investment in maintenance and upgrades. A November 2017 building report completed by Bailey Edward documents a 0-5 year investment of \$2.9 million, and a 5-25 year investment of \$8.8 million. The Department of Justice recognizes the County Facilities Committee will commence discussions regarding a plan for the downtown facilities in August 2018. In June, Ms. Ogden spoke with Mediation Program Officer Dana Jackson who suggested that upon submission of the County's final report, the Department would not extend the Settlement Agreement; however, the County has an obligation to ensure the facilities are in compliance with ADA Standards if it continues to occupy the space.

County Administration wishes to thank Department Heads, Elected Officials and Staff for the significant amount of effort and collaboration that went towards achieving the requirements of the three-year Settlement Agreement. Moving forward it is important for the County to take a proactive approach to ensure compliance with the Americans with Disabilities Act. The County maintains a webpage which provides its notice under the ADA, grievance procedures, instructions for requesting reasonable accommodations, and contact information for the County's ADA Coordinators. Employee resources include training videos and the County's Serving People with Disabilities Handbook.

Re: ADA Settlement Agreement DJ 204-24-116

Dear Mr. Jackson and Mr. Kijewski:

Champaign County hereby submits its annual report summarizing its actions pursuant to Settlement Agreement DJ 204-24-116 with the United States Department of Justice. This report is the County's final submission per the terms of its three-year agreement which terminates on July 19, 2018. Compliance reports and Certifications for facilities, sidewalks, and programs housed in others' facilities are being submitted by the County's Independent Licensed Architect, Bailey Edward, by mail in disk format at the department's request.

Per Ms. Ogden's conversation with Mr. Jackson on June 29, 2018, the County Facilities Committee will commence discussions regarding a plan for the Sheriff's Office and downtown Correctional Center in August. The facilities cited in Attachment K require a significant investment in maintenance, repairs, upgrades, and replacement. The County recognizes its obligation to bring the facilities into compliance with ADA Standards if it continues to occupy the space.

If there are any questions regarding this report or the supporting documents, please contact Deputy County Administrator Tami Ogden at 217-384-3776. Questions related to Champaign County facilities may be directed to Facilities Director Dana Brenner at the same contact number. Following submission of this report we look forward to communication from the Department of Justice documenting the conclusion of the Settlement Agreement.

Sincerely,

Debra L. Busey  
Interim County Administrator

Tami Ogden  
Deputy County Administrator/Finance

REPORT TO THE UNITED STATES DEPARTMENT OF JUSTICE FROM CHAMPAIGN  
COUNTY, ILLINOIS IN RESPONSE TO A SETTLEMENT AGREEMENT UNDER THE  
AMERICANS WITH DISABILITIES ACT DJ 204-24-116

7/10/18

*NOTIFICATION*

The posted Notice is refreshed when contact information changes, last occurring on 3/13/2018. A current copy of the County's written procedures are included with this submission.

*ADA COORDINATOR*

Champaign County notified the Department of Justice of the planned change in one of its ADA Coordinators on 3/13/2018. As required by the agreement the County's web site and posted notices were updated to reflect this change.

*INDEPENDENT LICENSED ARCHITECT (ILA)*

ILA reports from Bailey Edward will be submitted via mail in disk format as requested by the Department of Justice.

*GRIEVANCE PROCEDURE*

The posted Grievance Procedures are refreshed when contact information changes, last occurring on 3/13/2018.

*GENERAL EFFECTIVE COMMUNICATION PROVISIONS*

Administrative Services maintains current lists of qualified sign language and oral interpreters, qualified readers, real-time transcription services and vendors able to put documents in Braille. Procedures and time frames for fulfilling requests are outlined in Champaign County's Serving People with Disabilities Handbook, which was revised 6/22/2018. Employees receive Illinois Relay Services Training when applicable, and a record of employees who have completed the Illinois Relay training between 6/28/2017 and 6/14/2018 is included with this report.

*LAW ENFORCEMENT AND EFFECTIVE COMMUNICATION*

The Champaign County Sheriff's Office maintains a list of oral and sign language interpreters, and utilizes Sorenson Video Relay Service in order to provide effective communication 24/7. TTYs and videophones are located in the Sheriff's Office, Downtown Jail and Satellite Jail. Sheriff's Office policy allows persons with disabilities an extended time to utilize a TTY, videophone, and relay service, and will make reasonable efforts to provide the preferred communication device.

*EMPLOYMENT*

Champaign County's personnel policies comply with the U.S. Equal Employment Opportunity Commission regulations implementing title I of the Americans with Disabilities Act of 1990. Additional guidance is provided regarding hiring, interviewing, and employment in the County's Serving People with Disabilities Handbook. A record of employees who have completed the Supervisor training between 6/28/2017 and 6/14/18 is included with this report.

7/10/18

*POLLING PLACES*

Voter registration materials are available in alternate formats including Braille, large print, audio format and accessible electronic format. Poll worker training is conducted prior to each election and includes information on assisting voters who require aid, curbside voting, Voter Assistance Terminal (VAT), polling place accessibility and the rights of people with disabilities. The County Clerk offered curbside voting on demand at all voting locations for the March 20, 2018, General Primary election. The County Clerk will implement temporary remedies such that polling places are accessible on Election Day by providing curbside voting on demand at all polling places.

*EMERGENCY MANAGEMENT PROCEDURES AND POLICIES*

Champaign County's Emergency Operations Plan (EOP) implements Chapter 7 of the Department of Justice's *ADA Best Practices Tool Kit for State and Local Government* to address the ADA obligations of emergency management, including planning, preparedness, evacuation, shelters, medical and social services, lodging and housing programs, recovery, and rebuilding. The EOP was approved by the Illinois Emergency Management Agency on May 10, 2017.

*SIDEWALKS*

The ILA Certification related to County highways, sidewalks and curb ramps is being submitted by mail. Forty-four sidewalk ramps were inspected at sixteen roadway intersections, with thirty-four of the ramps meeting ADA regulations. Due do existing conditions not anticipated in the original design, eight of the ramps were significantly improved; however, not fully compliant with all applicable ADA accessibility regulations. In some instances, existing roadway gutters have a deeper than normal flow line, and fully-compliant access could not be achieved without inhibiting the flow of storm water. Based on the inspection report, the not fully compliant ramps appear to meet the spirit and intent of ADA regulations. Full documentation explaining the reasons for the inability to be in full compliance will be submitted by the ILA. The County respectfully requests a variance from the Department of Justice for the eight ramps that are referenced in the report.

The ILA identified two non-compliant ramps determined to be required for crossing a township road and not required for the adjacent county highway. The sidewalks were constructed by the subdivision developer along a township road, which is perpendicular to the County highway. There are no crosswalks on the highway, nor receiving pedestrian sidewalks on the other side of the highway. The United States Access Board Technical requirements as written in R204.3 say in part, "The pedestrian access route shall connect departure and arrival sidewalks." The lack of crosswalks and receiving sidewalks places pedestrians onto a County highway with no means to safely exit the roadway. Therefore, the curb ramps leading to the County highway were removed.

*WEB-BASED SERVICES AND PROGRAMS*

As previously reported, Champaign County's Independent Consultant Tim Offenstein, has reviewed the County's website and deemed it compliant with WCAG 2.0 Level A & AA guidelines. The Circuit Clerk's website evaluation was completed by Mr. Offenstein on 8/23/17. The majority

AMERICANS WITH DISABILITIES ACT DJ 204-24-116

7/10/18

of the issues initially identified have been corrected with the exception of some non-critical issues for services provided by a third-party site.

AppliTrack, the County's online application program, implemented a Web Accessibility Policy and is committed to maintaining and improving compliance with regulations such as sections 504 & 508 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 (ADA). Accessibility compliance is achieved by using the World Wide Web Consortium's (W3C's) WCAG 2.0 Level AA and WAIARIA 1.0 guidelines. A review by the County's Independent Consultant conducted on March 20, 2018, identified the site as almost completely accessible. AppliTrack has been notified of the issues that require further attention.

The annual distribution of the Accessibility Policy occurred on 2/28/2018. Notification of accessibility requirements was provided to third party sites and the County continues to encourage full compliance. Ongoing development is being run through automated WCAG evaluators including <https://validator.w3.org/>.

The County's Information Technology department worked with PACE of Central Illinois to arrange for individuals with different disabilities to test the County's webpages for ease of use and accessibility barriers.

*NEW CONSTRUCTION, ALTERATIONS, AND PHYSICAL CHANGES TO FACILITIES*

ILA reports are being submitted by mail in disk format as requested by the Department of Justice. With the exception of Attachment K, the comprehensive reports document the remedial actions taken by the County to remedy the access issues required by the Department in newly constructed facilities, altered facilities, and programs housed in other facilities.

In August 2018, the County Facilities Committee will commence discussions regarding a plan for the Sheriff's Office and downtown Correctional Center cited in Attachment K. In addition to the access issues, the facilities require a significant investment in maintenance, repairs, upgrades, and replacement. The County recognizes its obligation to bring the facilities into compliance with ADA Standards if it continues to occupy the space.

*PROGRAM MODIFICATIONS*

The architect's report for facilities listed in Attachment L including certifications documenting compliance, access issues that have been remediated, comments and photographs is submitted with this report. The Champaign County Regional Planning Commission was successful in finding an alternate location for the Urbana Head Start facility, formerly located at 108 S. Webber Street, which had multiple access issues identified in Attachment L. The program relocated to 1603 E. Mumford Drive in March 2017.

The Commission received a Pre-School for All Expansion Grant in May 2018. The grant includes

The bid opening is scheduled for August 2, 2018, with ADA alterations to be completed no later than November 30, 2018.

*MISCELLANEOUS PROVISIONS*

Champaign County's annual written report summarizing its actions pursuant to the Settlement Agreement is hereby submitted. The County continues to train employees on the requirements of the ADA and appropriate ways of serving people with disabilities. A record of employees trained between 6/28/2017 and 6/14/2018 is included with this report.

RE: Settlement Agreement between US and Champaign Co, IL; DJ204-24-116

Dear Mr. Jackson,

Enclosed for your review, please find a disk containing an electronic copy of the following documents:

Response to Item 43:

Champaign County Highway Department provided inspection reports for 44 non-compliant ramp locations. All ramps received improvements in Spring 2018, and were reviewed by Bailey Edward's consulting civil engineer. The full report is attached electronically. Thirty-four of the ramps achieved full compliance, eight ramps were significantly improved however are not completely compliant. Two ramps were determined to be required for crossing a township road and not required for the adjacent county highway. Of the eight ramps which were not able to fully comply with ADA requirements, existing site topography and structures (gutters) constrained full compliance. Modifications of the gutters would inhibit storm water drainage. Champaign County respectfully requests a variance for these locations.

Response to Item 54:

Spread Sheets for all Attachment I - Newly Constructed Facilities. Line items highlighted in green have been completed and verified. These items also include a photo of the compliant condition. The only items outstanding from the last submittal were at the Adult Detention Facility parking lot and sidewalk. These items were corrected and completed by 11/30/2017.

Response to Item 55:

Spread Sheets for all Attachment J – Altered Facilities. Line items highlighted in green have been completed and verified. These items also include a photo of the compliant condition. All items were completed by 03/20/2018.

Response to Item 56:

Spread Sheets for all Attachment K – Existing Facilities. In August 2018, the County Facilities Committee will commence discussions regarding a plan for its Sheriff's Office and downtown Correctional Center. In addition to the access issues cited in Attachment K, the facilities require a significant investment in maintenance, repairs, upgrades and replacement. The County recognizes its obligation to bring the facilities into compliance with ADA Standards if it continues to occupy the space.

Response to Item 58:

Spread Sheets for all Attachment L – Other Facilities. The Facilities on this Attachment are all leased by the Head Start Program which is a Federally Funded Program. Line items highlighted in green have been completed and verified. These items also include a photo of the compliant condition. Items which we have previously requested extensions that have not been completed to date are highlighted in yellow. The complaint design for these items are being provided by a separate Architect/Engineer hired directly by the agency and being funded through a grant. We understand the grant funds are required to be spent prior to 11/30/2018.

- Urbana Head Start: The Head Start program has moved out of the facility reviewed by DOJ, the spread sheet is included with this submittal however, is noted this facility is no longer being used by the County.

The above is respectfully submitted on behalf of Champaign County in response to the agreement between the Department of Justice and Champaign County. If you have any questions or comments concerning the enclosed documents, please contact our office.
