ILLINOIS ASSOCIATION OF COUNTY VETERANS ASSISTANCE COMMISSIONS **RECEIVED**

NOV 1 5 2010

CHAMPAIGN COUNTY

Dear C. Pius Weibel, Chairman Champaign County Board & ADMINISTRATIVE SERVICES Mark Friedman, Superintendent Veterans Assistance Commission of Champaign County,

On behalf of the Illinois Association of County Veterans Assistance Commissions (IACVAC) I am honored to welcome the State's newest VAC. The IACVAC is committed to providing Champaign County and its VAC with the best possible guidance, counseling, and training as your partnership works to address the needs of Champaign County veterans and their eligible family members. Our hope is that you form a healthy partnership openly communicating important issues of concern regarding your veterans' community. As you work together though the process of getting your VAC up and running, you can count on the IACVAC Executive Board to share our combined expertise and counseling. No VAC has gotten started without a hitch; the following are some important steps that will help you develop an effective Veterans Assistance Commission office:

- File a copy of the VAC of Champaign County By-Laws with the County Clerk.
- Have a representative of the County Board Chairman at your VAC meetings and allow that rep to share their expertise.
- Develop a process of how Veterans Assistance is to be administered and share that information with the liaison committee to the County Board.
- Work to develop a budget and budget controls.

It will be our pleasure to work with you as you accomplish your goal of having an effective Veterans Assistance Commission office. Please feel free to contact President Zimmerman or myself with questions or concerns about anything. Additionally, we would formally wish to welcome you to our upcoming IACVAC meeting in January (see attached).

Sincerely,

Larry Zimmerman, President Representative to IACO (618) 498-1810

Michael Iwanicki, Vice President Chairman IACVAC Standards Committee (815) 334-4229

Veteran's Assistance Commission

The Department is supported through a special property tax levy. The Veterans' Assistance levy maximum rate is \$0.03 per \$100 assessed valuation.

ORGANIZATION CHART

Veteran's Assistance Commission

MISSION:

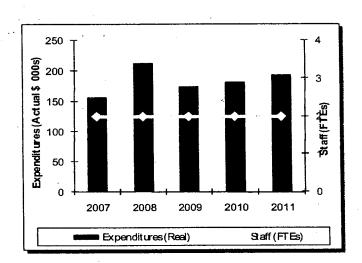

To provide interim financial aid and services to qualifying Peoria County veterans and their families in the form of food, utilities, shelter, transportation, and medical, as well as provide advocacy services to such veterans applying for local, state, or federal assistance.

BUDGET HIGHLIGHTS:

Overall revenues increase modestly in 2011 to \$173,730, an increase of \$3,765 or 2.2%. Revenues are higher because of 1.5% increase in the EAV for the property tax and a rebound in PPRT revenues from the State of Illinois.

Expenses are recommended to incline \$10,617 for 2011. The biggest area of concern going forward is the amount of Emergency Relief needed by the County's veterans. An additional appropriation was requested at the time of budget submittal in 2010 and this line item will need to be monitored closely in 2011, as the recession has severely impacted those who have proudly served our country and prompted unprecedented requests for relief. emergency This department's core service is providing emergency relief to veterans who need it, and this function was recently named in a survey as one of the most important services for Peoria County to provide to its citizens.

ANALYSIS

Revenue-

The property tax rate for 2011 will remain the same as 2010 at the rate of 0.0037 cents per \$100 of assessed valuation but revenue will increase slightly due to EAV growth. Personal Property Replacement Taxes for 2011 are projected to increase somewhat for 2010. PPRT revenues fell significantly in 2009 compared with 2008, especially in the first half of the year as the recession took hold in Illinois and locally.

Expense-

Expenditures have decreased 5.8% for 2010. Emergency Relief has been increased \$8,000 for 2011 following the surge in demand experienced in the summer and fall of 2010. This demand is anticipated to remain high in 2011 until unemployment begins to improve. The cost of a new
