NAME OF AI Advisory Con	PPOINTMENT BODY (OR BOARD: <u>Cit</u>	izens' Commu	nity Justice
BEGINNING	DATE OF TERM: Mai	rch 13, 2012	ENDING DA	FE: <u>Undetermined</u>

The Champaign County Board appreciates your interest in serving your community. A clear understanding of your background and philosophies will assist the County Board in establishing your qualifications. Please complete the following questions by typing or legibly printing your response. IN ORDER TO BE CONSIDERED FOR APPOINTMENT, OR REAPPOINTMENT, A CANDIDATE MUST COMPLETE AND SIGN THIS APPLICATION.

1. What experience and background do you have which you believe qualifies you for this appointment/reappointment?

Retired (Oct 2009) Assistant Sheriff, Orange County California, the fifth largest Sheriff's Department in the nation. The Orange County Jail Operation provides a safe, secure and humane environment for over 5,000 pretrail and sentenced inmates at four separate jail facilities. Affording inmates the opportunities for an effective rehabilitation experience through self improvement, personal growth and development with a variety of educational, vocational and faith based programs and classes. In brief, some highlights of my relevant jail experience include direct accountability and overarching involvement with jail expansions including a \$52 million jail expansion project with participation in facilities/needs assessment processes, jail planning, and collaborative planning processes involving all criminal justice and social

program stakeholders, and jail operations policy development. Additional germane experience related to civic involvement concerning facilities and municipal planning, public participation and compliance with public meeting acts, includes having been appointed and served as a commissioner on the City of Mission Viejo's (population over 100,000) Planning and Transportation Commission for 5 ½ years, serving as vice-chairperson and twice as chairperson (1999-2005).

2. What do you believe is the role of a trustee/commissioner/board member and how do you envision carrying out the responsibilities of that role?

While subject to change at the pleasure of the County Board, the announced role of the appointed nine member Citizens' Community Justice Advisory Committee will be to make recommendation(s) for the Board's consideration concerning the adequacy of existing court services and whether to remodel the downtown jail or close it and expand the satellite jail in Urbana. The Advisory Committee will seek to determine how as a community we can do a better job and will identify effective and efficient on-going operations, identify any current perceived deficiencies in the County's relevant criminal justice and related social services components, and explore successful new innovations. The Committee will engage in public dialog with relevant justice and social services stakeholders, research any and all related facility/needs assessments already conducted, work with any consultants hired by the County Board, and conduct public hearings allowing for public input. If feel that in order to maximize the efficiency of the advisory committee's efforts and role, as early as possible and through the Justice & Social Services Committee, the advisory committee will need to report its preliminary findings and seek additional direction from the County Board as to any refinement or expansion to the scope of the committee's future work.

3. What is your knowledge of the appointed body's operations, specifically property holdings and management, staff, taxes, fees?

My understanding is that the Citizens' Community Justice Advisory Committee will be working under the County Board's Justice & Social Services Committee and will have only an advisory role to the Board. There is no established operating budget for the Advisory Committee, as such, the Advisory Committee will work closely with the County Board Office for any necessary administrative support and coordination with other County departments to fulfill its mandate.

4. Can you think of any relationship or other reason that might possibly constitute a conflict of interest if you are selected to serve on the body for which you are applying? (This question is not meant to disqualify you; it is only intended to provide information.) \square Yes \boxtimes No If yes, please explain:
5. Would you be available to regularly attend the scheduled meeting of the appointed body? $\ \ \ \ \ \ \ \ \ \ \ \ \ $
The facts set forth in my application for appointment are true and complete. I understand this application is a document of public record that will be on file in the County Board Office.

2. What do you believe is the role of a trustee/commissioner/board member and how do you envision carrying out the responsibilities of that role?

to help reduce recidivism and the staff deserve and need a safe, supportive work environment.

I see my role as someone who would gather information from individuals (those who have been incarcerated as well as those who work in a jail setting), social service and volunteer groups, and published resources to provide the County Board with the information it needs to best address the questions before it as they relate to the county jail facilities and social service opportunities to reduce recidivism. I am very committed to putting my time, expertise, and experience to work in helping find a realistic solution to our county's high rate of incarceration and recidivism. I see this as both a moral and economic issue and one that impacts the quality of life for all the citizens of Champaign county.

3. What is your knowledge of the appointed body's operations, specifically property holdings and management, staff, taxes, fees?

As I understand, this committee will be an information gathering group to provide information and suggestions to the Justice and Social Service Committee Task Force on whether to remodel or close the downtown jail and build an addition to the satellite jail. I am aware of the news reports that indicate the costs and feasibility of maintaining the downtown jail. I have visited the satellite jail and am aware of its operations. I have a foster son who as an adult was incarcerated at the county jail for a period of months.

clear understanding of your background and philosophies will assist the County Board in establishing your qualifications. Please complete the following questions by typing or legibly printing your response. IN ORDER TO BE CONSIDERED FOR APPOINTMENT, OR REAPPOINTMENT, A CANDIDATE MUST COMPLETE AND SIGN THIS APPLICATION.

1. What experience and background do you have which you believe qualifies you for this appointment/reappointment?

I am a board certified psychiatrist with substantial employment experience in Illinois prison system and some experience in jails. I was a founding member of the APA caucus on correctional psychiatry (now disbanded) and for four years wrote the nationally acclaimed column on prison psychiatry entitled Working on the Inside. I have lectured at NAMI national conventions on the issue of incarcerated mentally ill persons. I have worked for many years in community mental health settings (Douglas County MHC) and am aware of the issues involved in moving previously incaracerated persons into civilian mental health systems. I currently serve as psychiatrist to a chemical dependency program in Bloomington (see below)

2. What do you believe is the role of a trustee/commissioner/board member and how do you envision carrying out the responsibilities of that role?

Board Members serve in an advisory capacity, but bring their insiders knowledge to the conversation. Hopefully they can operate out of "boots on the ground" experience rather than ideological or politically shaped motivations. The board allows for a much more fine grained exploration of the probable impact of policy choices than is possible in the time frame of the whole board, and thus do a critical job of "pre digesting" options before anything is brought before the county board as a whole.

3. What is your knowledge of the appointed body's operations, specifically property holdings and management, staff, taxes, fees?

I know what I read in the News Gazette article of Friday, Feb 17th. I have no other experience of country board task force routines or operations.

4.	Can you think of any relationship or other reason that might possibly constitute a conflict of interest if you are selected to serve on the body for which you are applying? (This question is not meant to disqualify you; it is only intended to provide information.) Yes No If yes, please explain:
	I am no longer in active practice in Champaign County. I have no financial relationships with any entity that might recieve funds as a result of this advisory boards actions or initiatives.
	continuation of response to first answer: Bloomington Illinois has both a very active Recovery Court and a very active Diversion System. To the degree that I am responsible for reporting to the presiding judge on my patient's status, I am pretty well informed of what will and what will not work in that sort of setting.
5.	Would you be available to regularly attend the scheduled meeting of the appointed body? Yes No If no, please explain:
	I am still employed part time in a one week a month contract that takes me to Southern Illinois where I stay for the week.
	Because of stroke-caused hemianopsia, I only have 90 degrees of vision. This means I'm not a legal driver, so transportation to meetings has to be arranged. Generally this does not create an obstacle in terms of getting to places that are served by public transportation.
thi	e facts set forth in my application for appointment are true and complete. I understand s application is a document of public record that will be on file in the County Board fice.

	INTMENT BODY O	INTMENT BODY OR BOARD: Commu	INTMENT BODY OR BOARD: Community Justice Task F

The Champaign County Board appreciates your interest in serving your community. A clear understanding of your background and philosophies will assist the County Board in establishing your qualifications. Please complete the following questions by typing or legibly printing your response. IN ORDER TO BE CONSIDERED FOR APPOINTMENT, OR REAPPOINTMENT, A CANDIDATE MUST COMPLETE AND SIGN THIS APPLICATION.

1. What experience and background do you have which you believe qualifies you for this appointment/reappointment?

I have had the opportunity in all of my job experiences to work with recidivism. In Dayton Ohio working with The Department of Corrections doing vocational training with inmates, also teaching vocational skills in the High School and colleges, DCFS (Placement Stabilization), Adult and Adolescent Crisis Intervention. Currently working as a Crisis Line Coordinator at Community Elements where I train community members and local police officers on how to provide telephone support, crisis intervention, and referrals to community services for those who are experiencing mental health crisis or suicidal or homicidal thoughts.

2. What do you believe is the role of a trustee/commissioner/board member and how do you envision carrying out the responsibilities of that role?

I believe the role of a trustee/commissioner/board member is an appointed position that allows you to work with a body of individuals in which you work on goal setting, policies, budget cost and operational cost that will guide the administrators and the populations that they serve. In this particular position I see those individuals putting together crime reduction partnerships and working with programs in accordance with the County Budget and tax payers putting together proposals for cost reduction and more programs that would reduce re-offending of those currently incarcerated. Enhancing intervention, prevention and education.

3. What is your knowledge of the appointed body's operations, specifically property holdings and management, staff, taxes, fees?

I know there was a recommendation by the Champaign County Board to hire a consultant to study the county's correctional needs to assist in a preliminary plan and would like the appointed task members to work with that individual. The jail currently pays no federal excise tax, transportation taxes, Illinois sales. The current jail is 31 years old and the capacity is at its limits. There are about 87 officers, 3.5 counselors, 1 psychiatrist, and 1 nurse. Fees are document storage, Circuit Clerk, court security, states transportation of inmates. Current problems are ventilation in portions of the jail, and security and safety. As an appointed member looking at ways to provide more community based programs, and Mental Health Services. Look at ways to cut cost and reduce recidivism. The jail also prepares over 262.737 meals a year.

4.	Can you think of any relationship or other reason that might possibly constitute a conflict of interest if you are selected to serve on the body for which you are applying? (This question is not meant to disqualify you; it is only intended to provide information.) Yes No If yes, please explain:
5	Would you be available to regularly attend the scheduled meeting of the appointed
٥,	body? Yes No If no, please explain:
	The only time I would be not be available would be the 1st and 3rd Tuesday of every month. I have a commitment with Urbana Schools.
thi	e facts set forth in my application for appointment are true and complete. I understand application is a document of public record that will be on file in the County Board ice.

February 21, 2012

Administrative Services Department Attention: Ranae Wolken 1776 E. Washington Street Urbana, Illinois 61802

Dear Ms. Wolken:

Enclosed is my Champaign County Appointment Request Form which is one of the requirements for consideration in becoming a member of the Champaign County Community Justice Task Force.

As I had discussed briefly with Mr. Michael Richards recently, our local chapter of NAMI (National Alliance for Individuals with Mental Illnesses) discussed the opportunity to have some input into the process/plans for those with mental illnesses involved in the justice system at their meeting on February 13, 2012. As a member of NAMI, they asked me if they could put my name forward for consideration as a member of the Community Justice Task Force and I agreed.

If approved for membership, I can offer insights from NAMI's perspective as well as Community Elements (formerly the Mental Health Center of Champaign County). I am currently the CEO and have worked for Community Elements for over 20 years. During my employment, I have had the opportunity to work both as a clinician and administrator. For example, I worked as a crisis clinician in my early years which included many trips to the downtown jail (I know the facility quite well) and hundreds of interactions with law enforcement/first responders with regard to specific individuals/incidents. I have also been very involved in alternatives to incarceration and improvements to the service continuum including increases to the housing and transitional shelter stock, the development and implementation of Crisis Respite Center, the management and expansion of the TIMES Center, and most recently, the implementation of our criminal justice case management service, and the Mental Health Court with Judge Ford's unwavering commitment and support.

With the recent cuts to state grants for mental health, substance abuse, and developmental disabilities, we are all struggling with trying to have as many services available to those in need with the resources available. In addition to the reductions in funding, it is also important to pay attention to the fact that Governor Quinn has again indicated his intension to close some of the State Operated Facilities for people with developmental and mental health disabilities. I can offer many insights into how this closure may affect Champaign since I have been involved in State conversations with advocates, legislators, and the Department of Human Services, Division of Mental Health.

With the real possibility of reduced civil commitment beds and an increased wait time for transfers from local jail to state forensic beds, we really need to plan thoughtfully as a community – especially in the area of diversion and support/treatment/programing options. I should also note that at the same time that closure plans are being discussed, there are several lawsuits that require the state to move individuals with mental illnesses out of nursing facilities back into the community --- this too will have an effect on our community and local resources (In particular, I am referring to the Colbert and Williams vs. Quinn cases).

I am happy to help in any way that I can and I look forward to hearing from you in the near future.

You may contact me at (217) 398-8080 or by email at sferguson@communityelements.org if you have any questions.

Sincerely

Sheila Ferguson

Chief Executive Officer
