**Inmate Commissary Services Agreement** 

Amendment # 1

We presently have a contract with Aramark, our jail food service vendor, to also provide inmate commissary services.

When first negotiated the prior Jail Superintendant wanted the inmate commissary items to be stored off- site. The present Superintendant believes they should be stored on-site and not off.

I believe by allowing this change Aramark will be able to better serve the needs of the inmate and this will also allow more efficient operation for the Correctional Officers.

Thank you.

No returns shall be accepted unless the inmate, who ordered a product, is released prior to such delivery. All sales shall be deemed made when an iCare item purchased is delivered to the inmate. The County shall earn a commission in an amount equal to Thirty Percent (30%) of Net Sales of all iCare and Fresh Favorites packages. RE: RECOMMENDATION of UPDATE to COUNTY GRANT

APPLICATION/ACCEPTANCE PROCEDURES

# **ISSUE**

The Champaign County Financial Policies, as documented in County Board Resolution 7761, establish policy parameters for grant applications and awards. The Financial Policies were last updated in June 2011. Ordinance No. 635 – An Ordinance Establishing Procedures for Grant Application, Consideration, Acceptance and Renewal/Extension was adopted by the County Board in October 2001. While the policy directives regarding grants outlined in Ordinance No. 635 are consistent with the documented financial policy regarding grants documented in Resolution 7761, the procedural guidelines in Ordinance No. 635 are now outdated as a result in changes to the County Board's Rules, committee structure and actual practice.

## REPORT

At the time Ordinance No. 635 was adopted, the County Board Rules established the assignment of every county department/office to a committee of the County Board, which stood as the "parent committee" for that particular department/office. Since 2001, the County Board has transitioned from a committee structure of 8 committees to 6 areas of responsibility, and the assignment of "parent committees" was not maintained in the County Board Rules. To address this issue, and to avoid confusion among departments as to the appropriate committee to whom Grant requests should be directed, I recommend amendment to Ordinance No. 635 original language by replacing reference to "parent committee" with "Finance Committee". All grants have a direct impact on the budget and operation of the respective county offices and departments, and it seems the best

approach for County Board consideration and deliberation of grants is to place the responsibility with the Finance Committee.

The procedural guidelines outlined in steps 5 and 6 of Ordinance No. 635 anticipate that there are times when the County Board approves a grant, and the formal notice of award will not yet have been received by the County from the granting agency. The current procedures require that the County Board Chair convene the Grant Executive Committee upon notice of award of grant, to formally then accept the grant. In practice, if the grant is for the same terms as documented to the County Board when the County Board approved the grant, the Board Chair does not convene the Grant Executive Committee, but signs off on the Grant pursuant to the County Board's approval. The recommendation for amendment to Ordinance No. 635 would change the requirement for convening the Grant Executive Committee to occur *only* when the terms of the final grant award are different than the terms of the grant at the time it was presented to the County Board and approved. It would then be up to the Grant Executive Committee to accept the grant in its final terms, or determine if it should be referred back to the County Board for final approval.

The other recommendation for change to steps 5 and 6 is to re-define the make-up of the Grant Executive Committee, which has also been rendered no longer relevant by changes to the County Board's Rules. The recommendation is to change the Grant Executive Committee from: "the County Board Chair, the Parent Committee Chair, and a designated representative of the minority party who sits on the Budget Committee" to "the County Board Chair, the Deputy Chair of Finance, and the County Board Minority Party Caucus Chair".

# **RECOMMENDED ACTION:**

The Finance Committee recommends to the County Board the adoption of An Ordinance Amending Ordinance No. 635 – An Ordinance Establishing Procedures for Grant Application, Consideration, Acceptance and Renewal/Extension as documented in the Attachment to this Memorandum.

Thank you for your consideration of this recommendation. Please feel free to contact me if you have additional questions or concerns.

**WHEREAS**, the County Board adopted Ordinance No. 635 on October 16, 2001 – an Ordinance Establishing Procedures for Grant Application, Consideration, Acceptance and Renewal/Extension; and

WHEREAS, changes to the County Board's Rules and Procedures since 2001 necessitate amendment to Ordinance No. 635 to ensure the Procedures for Grant Application, Consideration, Acceptance and Renewal/Extension are consistent with current County Board Rules; and

**WHEREAS**, to ensure consistency with current County Board rules and procedures, the Finance Committee of the Whole recommends all reference to "parent committee" in Ordinance No. 635 be changed to "**Finance Committee**"; and

WHEREAS, to ensure consistency with current County Board rules and procedures, the Finance Committee of the Whole recommends a change in the designation of the Grant Executive Committee in Ordinance No. 635 be amended from: "the County Board Chair, the Parent Committee Chair, and a designated representative of the minority party who sits on the Budget Committee" to "the County Board Chair, the Deputy Chair of Finance, and the County Board Minority Caucus Chair";

**WHEREAS,** to ensure consistency with current County Board rules and procedures, the Finance Committee of the Whole recommends amendments to steps 5 and 6 of the grant application/award procedures identified in Ordinance No. 635 as follows:

- 5. If the County Board accepts the parent committee Finance Committee recommendation to accept the grant, the Board shall on that date approve the acceptance of the grant, whether or not the granting agency has formally notified the County of the grant award. If the County Board approves acceptance of the grant prior to the date of actual notice of award, the County Board shall authorize the Grant Executive Committee to provide final approval upon notice of award. The Grant Executive Committee shall be comprised of the County Board chair, the Parent Committee Chair, and a designated representative of the minority party who sits on the Budget committee.
- 6. Upon final notification of award of the grant, the applying department/office shall notify the Board Chair to obtain the Board Chair's signature on the final grant document(s) who shall convene the Grant Executive committee to approve final acceptance of the award. If the terms of the final notice of award impose substantial additional obligations on the County or other departments/offices than the terms previously are different than the terms of the grant at the time it was approved by the County Board, the County Board Chair shall, before signing the grant documents, convene the Grant Executive Committee who will review the changes in grant terms,

and determine whether to accept the grant award or determine that final acceptance is directly referred back to the County Board for approval. The Grant Executive Committee shall be comprised of the County Board Chair, the Deputy Chair of Finance, and the County Board Minority Caucus Chair.

**NOW, THEREFORE, BE IT AND IT IS HEREBY ORDAINED** by the County Board of Champaign County, Illinois, that all reference to "parent committee" in Ordinance No. 635 be changed to "**Finance Committee**"; and

**BE IT FURTHER ORDAINED** by the County Board of Champaign County, Illinois that steps 5 and 6 of the grant application/award procedures identified in Ordinance No. 635 be amended as follows:

- 5. If the County Board accepts the parent committee Finance Committee recommendation to accept the grant, the Board shall on that date approve the acceptance of the grant, whether or not the granting agency has formally notified the County of the grant award. If the County Board approves acceptance of the grant prior to the date of actual notice of award, the County Board shall authorize the Grant Executive Committee to provide final approval upon notice of award. The Grant Executive Committee shall be comprised of the County Board chair, the Parent Committee Chair, and a designated representative of the minority party who sits on the Budget committee.
- 6. Upon final notification of award of the grant, the applying department/office shall notify the Board Chair to obtain the Board Chair's signature on the final grant document(s) who shall convene the Grant Executive committee to approve final acceptance of the award. If the terms of the final notice of award impose substantial additional obligations on the County or other departments/offices than the terms previously are different than the terms of the grant at the time it was approved by the County Board, the County Board Chair shall, before signing the grant documents, convene the Grant Executive Committee who will review the changes in grant terms, and determine whether to accept the grant award or determine that final acceptance is directly referred back to the County Board for approval. # AN ORDINANCE ESTABLISHING PROCEDURES FOR GRANT APPLICATION. CONSIDERATION, ACCEPTANCE and RENEWAL/EXTENSION

WHEREAS, the Champaign County Board supports efforts to pursue grant revenues to provide or enhance County mandated and non-mandated services and capital needs; and

WHEREAS, the Champaign County Board has determined that it is necessary to develop procedural guidelines for County departments engaged in the pursuit and maintenance of grant funding.

NOW, THEREFORE, BE IT AND IT IS HEREBY ORDAINED by the County Board of Champaign County, Illinois that the procedures for grant application, consideration, acceptance and renewal/extension for Champaign County departments are as follows:

Grant revenues shall be pursued to provide or enhance County mandated and non-mandated services and capital needs.

Activities which are, or will be, recurring shall be initiated with grant funds <u>only</u> if one of the following conditions are met:

- The activity or service can be terminated in the event the grant revenues are discontinued.
- The activity should, or could be, assumed by County (or specific fund) general and recurring operating funds. Departments are encouraged to seek additional sources of revenue to support the services prior to expiration of grant funding.

All staff positions supported by grant funds will exist only for the term award of grant, unless specific action is taken by the County Board to extend the position.

Any County department considering application for grant funds or renewal/extension of existing grant funds should comply with the following:

- Upon the identification of a grant to be pursued, the department will
  provide a copy of the grant application, Financial Impact Statement, and
  other relevant information to its parent committee at the next meeting of
  that committee. The County Board recognizes that because of grant
  application deadlines, there will be instances where a department will
  submit a grant application to the grantor before the parent committee is
  notified.
- Upon receiving notice of a grant application, the parent committee will review and determine whether input from other county departments is appropriate in making a determination as to the County Board's interest and willingness to accept the grant, if awarded. If the parent committee

- determines additional input from other departments or sources should be obtained, it will direct the County Administrator to obtain that information and report back at the next regularly scheduled parent committee meeting.
- When the parent committee has received all requested information regarding the grant application, it shall make a recommendation to be forwarded to the County Board as to whether the County will accept the grant, if awarded.
- 4. If the County Board accepts a parent committee recommendation to not accept the grant, the department/office applying for funds shall be directed to notify the grantor that the County Board withdraws its application for said funds.
- 5. If the County Board accepts the parent committee recommendation to accept the grant, the Board shall on that date approve the acceptance of the grant. If the County Board approves acceptance of the grant prior to the date of actual notice of award, the County Board shall authorize the Grant Executive Committee to provide final approval upon notice of award. The Grant Executive Committee shall be comprised of the County Board Chair, the Parent Committee Chair, and a designated representative of the minority party who sits on the Budget Committee.
- 6. Upon final notification of award of the grant, the applying department/office shall notify the Board Chair who shall convene the Grant Executive Committee to approve final acceptance of the award. If the terms of the final notice of award impose substantial additional obligations on the County or other departments/offices than the terms previously approved by the County Board, the Grant Executive Committee may determine that final acceptance is directly referred back to the County Board.

**RE:** REPORT and REVIEW of COUNTY FEES

# **ISSUE**

The Champaign County Financial Policies, as documented in County Board Resolution 7761, require the County Board to review all fees in the annual budget preparation process to determine appropriate level of fees for services have been established. As the County Board will adopt the FY2013 Budget Process Resolution in May, it seemed appropriate to provide the County Board with the current fees structure information before the Board adopts the parameters and guidelines for the preparation of the FY2013 budget.

### REPORT

Fees and fines revenues constitute 22% of the County's total revenue. The total fees and fines revenues are projected to be \$24,568,660 for FY2012. The County Board authorized fee increases in three areas which will be implemented in FY2012 – an increase in the Marriage License and Civil Union License fees from \$20 to \$30 each; a 5% increase to the private pay rates for residents at the Champaign County Nursing Home; and an increase in the fees for registration of dogs and cats. The total budget for fees in FY2012 is down 1.3% over the original budget projection for FY2011 which is a direct result of a decline in the fees collected by the criminal justice system offices.

The focus of this report is on fees that are collected by General Corporate Fund Departments, and by Special Revenue Funds. The Nursing Home and Regional Planning Commission Fees are not included in this report. The current Fees Schedule is attached to this Memorandum.

Fees generally fall into one of the following categories:

- A. Fees set and collected pursuant to requirements of the Illinois Compiled Statutes;
- B. Fees set by statute and collected within the county only when the County Board adopts an Ordinance/Resolution Establishing the Fee to be collected in that County in an amount up to the statutory maximum (e.g. Automation Fund Fees, Marriage License Fees, Court Security Fees, etc.);
- C. Fees set by statute for services provided by the County Clerk, Sheriff and Recorder where the County Board can adopt a Resolution to set the fee at a higher dollar value than the statutory maximum, if the County Board has conducted a cost study documenting the true cost of providing the service;
- D. Fees set by the County Board pursuant to statutory authority to establish reasonable fees for specific services (e.g. Zoning Ordinance Fees);
- E. Fees set by statute and assessed at the discretion of the judiciary.

County Board review of fees would naturally focus on fees falling under categories B, C and D above, as the County Board exercises greater discretion over the process and establishment of those fees.

Of the fees that fall under Category B above, the County Board has established the following fees at a level under the statutory maximum. The following table illustrates the current Champaign County fee, the statutory maximum for the fee, and the annual revenue that would result if the County Board set the fee at the statutory maximum:

		Current			Maximum	
	Projected Cases/Units	Fee	Annual Revenue	Fee	Annual Revenue	Annual Difference
Court Automation	30,593	\$10	\$305,930	\$15	\$458,895	\$152,965
Court Document						
Storage	30,604	\$5	\$153,020	\$15	\$459,060	\$306,040
Law Library Fee	7,869	\$10	\$78,690	\$21	\$165,249	\$86,559
Marriage License & Civil Union License	1,200	\$25	\$30,000	\$70	\$84,000	\$54,000
TOTAL			\$537,640		\$1,083,204	\$545,564

Of the fees listed above, only the Marriage License & Civil Union License Fees impact the General Corporate Fund. The other fees are in stand-alone special revenue funds for uses specific to the fee.

Of the fees that fall under Category C above, the County Board did contract with Maximus, a professional government services consulting firm, to conduct a cost analysis study relative to the Sheriff's Fees and County Clerk Fees in 2003. The results of that study did enable the County Board to adopt fees in excess of the statutory maximums for certain services provided by the Sheriff, based on the actual cost of providing those services. The County Board paid Maximus

\$25,000 to conduct the Study. The increase in Sheriff's Office fees pursuant to the changes adopted by the County Board resulted in an average annual increase to the Sheriff's fees revenue of \$15,000. The fees changes approved by the County Board pursuant to the 2003 Maximus Study are reflected in Ordinance No. 693.
