Xfinity X1

This is TV that gets you. Find what you want faster with the Voice Remote, discover new favorites with recommendations, get sports' stats, access Amazon Prime Video, YouTube, Netflix, Disney+, and more on X1 along with your other entertainment!

Xfinity Stream

Your all-in-one entertainment solution allows you to easily access your TV line-up, top networks, live sports, thousands of Xfinity On Demand movies and shows, and your DVR library — all at home or on the go with the Xfinity Stream app.

Xfinity Internet

Xfinity offers the fastest Internet. Plus, get the speed, coverage, and control you need with Xfinity xFi. Get a Flex 4K streaming TV box, free with your Xfinity Internet.

Xfinity Mobile

Save hundreds with no activation fees, no phone line access fees, and data starting at \$15/mo. Stay connected with a powerful nationwide 5G network and millions of secure WiFi hotspots included at no extra cost, plus data options you can track, control, and change anytime online or in our app.

Xfinity Voice

Talk as much as you want to nearly half the world, get unlimited nationwide texting, reliable home phone service, plus enhanced calling features like Caller ID on your TV.

Xfinity Home

Get peace of mind with 24/7 professional monitoring with fast response time. Set rules to get real-time text and email alerts, like when doors and windows are opened. Access and monitor your system right from your TV, only with X1 and the Voice Remote.

FROM COMCAST

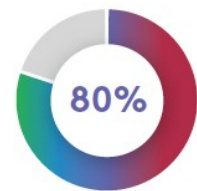

Digital Connectivity

Internet Essentials is the nation's largest and most comprehensive high-speed broadband adoption program for low-income households. It connects people to an increasingly digital world and offers them skills for success. In 2019, we announced our biggest expansion to date, increasing eligibility to all low-income Americans wherever Comcast offers service.

75%
of Internet Essentials customers are women

80%
of Internet Essentials customers are people of color

8M+

low-income Americans connected to the internet at home through Internet Essentials

60%

of households do not have fixed broadband at home in cities where poverty rates are above the national average

100K+

discounted or heavily subsidized computers sold or donated to families and veterans that needed one

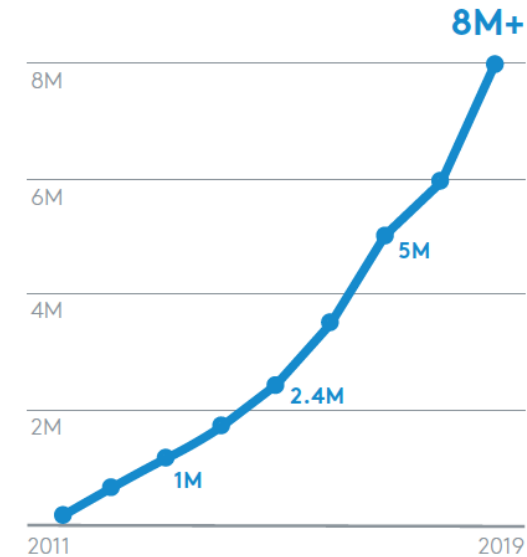

98%

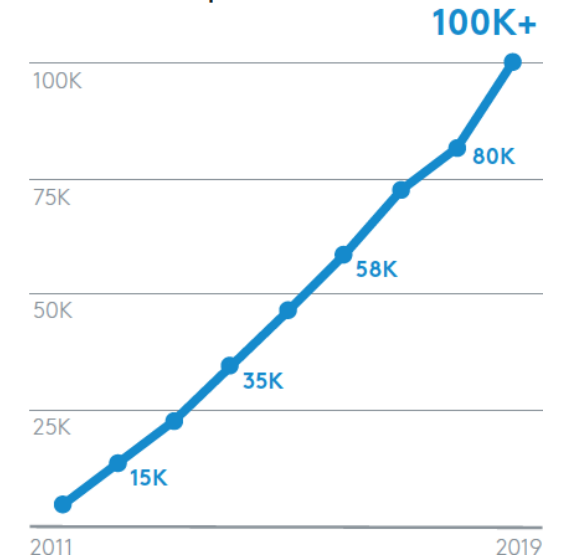

of families with school-age children use their Internet Essentials service to complete schoolwork, and 93% have seen a positive impact on their child's grades

Partnership

Comcast and Champaign County 3 Step Plan

1. Identify the unserved areas of the County using available County resources such as GIS maps and Comcast network mapping tools. Develop estimates of costs to serve these areas.
2. Research available funding options at the local, state and federal level. Partner in applying for these funds.
3. Partner to increase broadband adoption through targeted campaigns directed to income constrained households.
