

CASE 106-S-23

PRELIMINARY MEMORANDUM

AUGUST 23, 2023

Petitioner: Banio and Shanelle Koroma, d.b.a. Ujima Retreat Center

Request: Authorize a Special Use Permit for the establishment and use of an Event Center as a combination “Private Indoor Recreational Development” and “Outdoor Commercial Recreational Enterprise” in the AG-2 Agriculture Zoning District.

Location: The 7.5-acre Lot 1 of Werts Subdivision in the Southeast Quarter of the Northeast Quarter of Section 34, Township 19 North Range 9 East of the Third Principal Meridian in Urbana Township, commonly known as the residence with an address of 4303 S High Cross Road, Urbana.

Site Area: 7.5 acres

Time Schedule for Development: Already in use

Prepared by: **Susan Burgstrom**, Senior Planner
John Hall, Zoning Administrator

BACKGROUND

The petitioners established Ujima Retreat Center on their 7.5-acre property in 2022. They were unaware that they needed a Special Use Permit to establish an event center. Although they said they researched what permits would be needed with local jurisdictions, P&Z Staff has no record of the petitioners contacting the P&Z Department prior to establishing their center.

Ujima Retreat Center offers recreational space for small groups, overnight stays in the Quonset cabin, retreats, and events. The petitioner testified on their application that only small groups will be hosted with no more than 6 people inside and no more than 20 people at an outside event.

QUONSET CABIN IS IN VIOLATION OF ZONING ORDINANCE

The petitioners remodeled the existing Quonset structure into a second dwelling to be used for rental. Only one dwelling is allowed on a lot in the AG-2 Agriculture Zoning District. The violation needs to be remedied in order for the Special Use Permit to be approved. The petitioners must either decommission the Quonset bath or kitchen, or must subdivide the property through the City of Urbana to bring the property into compliance. A special condition has been added.

EXTRATERRITORIAL JURISDICTION

The subject property is within the one and one-half mile extraterritorial jurisdiction of the City of Urbana, a municipality with zoning. Municipalities with zoning are notified of Special Use Permit cases, but do not have protest rights in these cases.

The subject property is located within Urbana Township, which does not have a Plan Commission.

RESOLUTION NO. 3425

**A RESOLUTION PERTAINING TO THE
RIGHT TO FARM IN CHAMPAIGN COUNTY**

WHEREAS, the Chairman and the Board of Champaign County have determined that it is in the best interest of the residents of Champaign County to enact a Right to Farm Resolution which reflects the essence of the Farm Nuisance Suit Act as provided for in the Illinois Compiled Statutes, 740 ILCS 70 (1992); and

WHEREAS, the County wishes to conserve, protect, and encourage development and improvement of its agricultural land for the production of food and other agricultural products; and

WHEREAS, when nonagricultural land uses extend into agricultural areas, farms often become the subject of nuisance suits. As a result, farms are sometimes forced to cease operations. Others are discouraged from making investments in farm improvements.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Chairman and the Board of Champaign County as follows:

1. That the purpose of this resolution is to reduce the loss to the county of its agricultural resources by limiting the circumstances under which farming operations are deemed a nuisance.

2. That the term "farm" as used in this resolution means that part of any parcel of land used for the growing and harvesting of crops, for the feeding, breeding, and management of livestock; for dairying or other agricultural or horticultural use or combination thereof.

3. That no farm or any of its appurtenances should be or become a private or public nuisance because of any changed conditions in the surrounding area occurring after the farm has been in operation for more than one year, when such farm was not a nuisance at the time it began operation.

RESOLUTION NO. 3425

Page 2

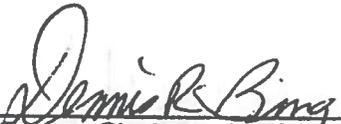

4. That these provisions shall not apply whenever a nuisance results from the negligent or improper operation of any farm or its appurtenances.

PRESENTED, ADOPTED, APPROVED AND RECORDED this 24th day of May, A.D., 1994.

County of Champaign, Illinois

SUMMARY OF EVIDENCE

From the documents of record and the testimony and exhibits received at the public hearing conducted on **August 31, 2023**, the Zoning Board of Appeals of Champaign County finds that:

1. Petitioners Banio and Shanelle Koroma own the subject property. They are the sole owners and officers of Ujima Retreat Center.
2. The subject property is the 7.5-acre Lot 1 of Werts Subdivision in the Southeast Quarter of the Northeast Quarter of Section 34, Township 19 North Range 9 East of the Third Principal Meridian in Urbana Township, commonly known as the residence with an address of 4303 S High Cross Road, Urbana.
3. Regarding municipal extraterritorial jurisdiction and township planning jurisdiction:

 - (2) Subsection 6.1.3 establishes the following standard condition for an Outdoor Commercial Recreational Enterprise:
 - a. A separation distance of 200 feet between any R DISTRICT or residential or INSTITUTIONAL USE.

PRELIMINARY DRAFT**Case 106-S-23****Page 7 of 24**

- a. Parking areas for more than four vehicles of no more than 8,000 pounds gross vehicle weight each, excluding any vehicles used for hauling solid waste except those used for hauling construction debris and other inert materials, located within any YARD abutting any residential DISTRICT or visible from and located within 100 feet from the BUILDING RESTRICTION LINE of a lot containing a DWELLING conforming as to USE shall be screened with a Type A SCREEN except that a TYPE B SCREEN may be erected along the rear LOT LINE of the business PROPERTY.

 - (5) That in the case of an existing NONCONFORMING USE, it will make such USE more compatible with its surroundings.

PRELIMINARY DRAFT

- E. Paragraph 9.1.11.D.1. states that a proposed Special Use that does not conform to the standard conditions requires only a waiver of that particular condition and does not require a variance. Regarding standard conditions:
- (1) The Ordinance requires that a waiver of a standard condition requires the following findings:
 - a. That the waiver is in accordance with the general purpose and intent of the ordinance; and
 - b. That the waiver will not be injurious to the neighborhood or to the public health, safety, and welfare.
 - (2) However, a waiver of a standard condition is the same thing as a variance and Illinois law (55ILCS/ 5-12009) requires that a variance can only be granted in accordance with general or specific rules contained in the Zoning Ordinance and the VARIANCE criteria in paragraph 9.1.9 C. include the following in addition to criteria that are identical to those required for a waiver:
 - a. Special conditions and circumstances exist which are peculiar to the land or structure involved, which are not applicable to other similarly situated land and structures elsewhere in the same district.
 - b. Practical difficulties or hardships created by carrying out the strict letter of the regulations sought to be varied will prevent reasonable or otherwise permitted use of the land or structure or construction
 - c. The special conditions, circumstances, hardships, or practical difficulties do not result from actions of the applicant.
- F. Paragraph 9.1.11.D.2. states that in granting any SPECIAL USE permit, the BOARD may prescribe SPECIAL CONDITIONS as to appropriate conditions and safeguards in conformity with the Ordinance. Violation of such SPECIAL CONDITIONS when made a party of the terms under which the SPECIAL USE permit is granted, shall be deemed a violation of this Ordinance and punishable under this Ordinance.

GENERALLY REGARDING WHETHER THE SPECIAL USE IS NECESSARY FOR THE PUBLIC CONVENIENCE AT THIS LOCATION

7. Generally regarding the *Zoning Ordinance* requirement that the proposed Special Use is necessary for the public convenience at this location:
 - A. The Petitioner has testified on the application, **“Mental health is an ever-increasing issue. The property is close to town to be convenient for use but far enough from town for individuals to connect with nature and to connect with the quiet of the country. The property layout is ideal for small groups to meet and connect with nature and serves as a respite in nature for the population seeking wellness.”**
 - B. The subject property is located approximately 1.4 road miles from the City of Urbana along IL Route 130 (High Cross Road).

PRELIMINARY DRAFT**Case 106-S-23****Page 9 of 24****GENERALLY REGARDING WHETHER THE SPECIAL USE WILL BE INJURIOUS TO THE DISTRICT OR OTHERWISE INJURIOUS TO THE PUBLIC WELFARE**

8. Generally regarding the *Zoning Ordinance* requirement that the proposed Special Use be designed, located, and operated so that it will not be injurious to the District in which it shall be located, or otherwise detrimental to the public welfare:
- A. The Petitioner has testified on the application, **“The property is over 7 acres and is rural in such a way that it is quite isolated. The property already has a park pavilion, small pond, and building to facilitate the proposed use. Only small groups will be hosted with no more than 6 people inside and no more than 20 people at an outside event. The owners live on the property and will be on-site to maintain its quiet use.”**
- B. Regarding surface drainage:
- (1) The southern portion of the subject property drains east toward the road ditch along IL 130/High Cross Road. The northern portion drains toward the pond on the subject property.
 - (2) No part of the subject property is in the flood hazard area.
 - (3) There are no proposed improvements that would trigger the requirement for a Storm Water Drainage Plan.
- C. Regarding the effects on traffic:
- (1) The subject property fronts the west side of IL 130/High Cross Road.
 - (2) IL 130 (High Cross Road) at this location is a two-lane paved road with paved shoulders.
 - (3) The Illinois Department of Transportation measures traffic on various roads throughout the County and determines the annual average 24-hour traffic volume for those roads and reports it as Average Daily Traffic (ADT). The most recent ADT data is from 2021 near the subject property. IL 130/High Cross Road south of Curtis Road had an ADT of 6,000.
 - (4) Traffic volumes are expected to increase minimally, but no Traffic Impact Analysis has been done.
 - (5) IDOT was notified of this case and no comments have been received.
- D. The subject property is located approximately 4.2 road miles from the Philo Fire Protection District station in Philo. Notification of this case was sent to the FPD Chief, and no comments were received.
- E. Regarding flood concerns:
- (1) No part of the subject property is in the flood hazard area.
- F. Regarding soils on the 7.5-acre subject property:

PRELIMINARY DRAFT

- (1) The soil on the subject property is Best Prime Farmland and consists of 152A Drummer silty clay loam and 171B Catlin silt loam, and has an average Land Evaluation score of 100.
 - (2) No land would be removed from agricultural production.
- G. Regarding outdoor lighting on the subject property:
- (1) No information was provided regarding outdoor lighting. A special condition has been added to ensure compliance.
- H. Regarding wastewater treatment and disposal on the subject property:
- (1) The main residence and the Quonset cabin each have their own septic system.
- I. Other than as reviewed elsewhere in this Summary of Evidence, there is no evidence to suggest that the proposed Special Use will generate either nuisance conditions such as odor, noise, vibration, glare, heat, dust, electromagnetic fields or public safety hazards such as fire, explosion, or toxic materials release, that are in excess of those lawfully permitted and customarily associated with other uses permitted in the zoning district.

GENERALLY REGARDING WHETHER THE SPECIAL USE CONFORMS TO APPLICABLE REGULATIONS AND STANDARDS AND PRESERVES THE ESSENTIAL CHARACTER OF THE DISTRICT

9. Generally regarding the *Zoning Ordinance* requirement that the proposed Special Use conform to all applicable regulations and standards and preserve the essential character of the District in which it shall be located, except where such regulations and standards are modified by Section 6 of the Ordinance:
- A. The Petitioner has testified on the application: **“The plan will not change the current layout of the structures and as the events hosted are to be small, it will not change the district. The property was previously used as a personal camp space with 3 RV hookups and the current buildings. The property will be used in much the same way, but the owners will be running the property as a business to improve the community.”**
 - B. Regarding compliance with the *Zoning Ordinance*:
 - (1) A Private Indoor Recreational Development is authorized by Special Use Permit in the AG-2 Agriculture, R-3 Residential, and R-4 Residential Zoning Districts and by right in the B-2, B-3, and B-4 Zoning Districts.
 - (2) An Outdoor Commercial Recreational Enterprise is authorized by Special Use Permit in the CR Conservation-Recreation and AG-2 Agriculture Zoning Districts and by right in the B-3, B-4, B-5, I-1 and I-2 Zoning Districts.
 - (3) The 7.5-acre lot is in compliance with the maximum lot area requirement for best prime farmland.
 - (4) Regarding the requirement for a separation distance of 200 feet between the Special Use and any R DISTRICT or residential or INSTITUTIONAL USE:
 - a. There are no residential zoning DISTRICTS, residential or INSTITUTIONAL USES within 200 feet of the proposed Special Use.

PRELIMINARY DRAFT**Case 106-S-23**

- (5) Regarding parking on the subject property for the proposed Special Use:
- a. The petitioners stated on their application that they expected no more than 20 guests at outdoor events.
 - b. The Zoning Ordinance requires at least 1 parking space per 3 outdoor guests, or 7 parking spaces.
 - c. There is sufficient grass parking onsite to accommodate 7 parking spaces.
 - d. A special condition has been added prohibiting parking on or adjacent to streets.
 - e. The State of Illinois requires accessible parking spaces. One accessible parking space that is paved, marked, and signed is required of the 7 parking spaces.
- C. Regarding compliance with the *Storm Water Management and Erosion Control Ordinance*:
- (1) The proposed improvements do not trigger the requirement for a Storm Water Drainage Plan.
- D. Regarding the Special Flood Hazard Areas Ordinance:
- (1) No part of the subject property is in the flood hazard area.
- E. Regarding the Subdivision Regulations, the subject property is located in the City of Urbana subdivision jurisdiction and the subject property is in compliance.
- F. Regarding the requirement that the Special Use preserve the essential character of the AG-2 Agriculture Zoning District:
- (1) A Private Indoor Recreational Development may be authorized by Special Use Permit in the AG-2 Agriculture Zoning District.
 - (2) An Outdoor Commercial Recreational Enterprise may be authorized by Special Use Permit in the AG-2 Agriculture Zoning District.
 - (3) The proposed use will not hinder agricultural production.
- G. The proposed Special Use must comply with the Illinois Accessibility Code, which is not a County ordinance or policy and the County cannot provide any flexibility regarding that Code. A Zoning Use Permit cannot be issued for any part of the proposed Special Use until full compliance with the Illinois Accessibility Code has been indicated in drawings.

GENERALLY REGARDING WHETHER THE SPECIAL USE IS IN HARMONY WITH THE GENERAL PURPOSE AND INTENT OF THE ORDINANCE

10. Regarding the *Zoning Ordinance* requirement that the proposed Special Use be in harmony with the general intent and purpose of the Ordinance:

PRELIMINARY DRAFT

- A. A Private Indoor Recreational Development is authorized by Special Use Permit in the AG-2 Agriculture, R-3 Residential, and R-4 Residential Zoning District and by right in the B-2, B-3, and B-4 Zoning District.
- B. An Outdoor Commercial Recreational Enterprise is authorized by Special Use Permit in the CR Conservation-Recreation and AG-2 Agriculture Zoning Districts and by right in the B-3, B-4, B-5, I-1 and I-2 Zoning Districts. Note that the Outdoor Commercial Recreational Enterprise and the Private Indoor Recreational Development are actually the same proposed use and not separate uses.
- C. Regarding whether the proposed Special Use Permit is in harmony with the general intent of the Zoning Ordinance:
- (1) Subsection 5.1.2 of the Ordinance states the general intent of the AG-2 District and states as follows (capitalized words are defined in the Ordinance):

The AG-2, Agriculture DISTRICT is intended to prevent scattered indiscriminate urban development and to preserve the AGRICULTURAL nature within areas which are predominately vacant and which presently do not demonstrate any significant potential for development. This DISTRICT is intended generally for application to areas within one and one-half miles of existing communities in the COUNTY.
 - (2) The types of uses authorized in the AG-2 District are in fact the types of uses that have been determined to be acceptable in the AG-2 District. Uses authorized by Special Use Permit are acceptable uses in the district provided that they are determined by the ZBA to meet the criteria for Special Use Permits established in paragraph 9.1.11 B. of the Ordinance.
- D. Regarding harmony with the general purpose of the Zoning Ordinance:
- (1) Paragraph 2.0 (a) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to secure adequate light, pure air, and safety from fire and other dangers.

This purpose is directly related to the limits on building coverage and the minimum yard requirements in the Ordinance and the proposed site plan appears to be in compliance with those requirements.
 - (2) Paragraph 2.0 (b) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to conserve the value of land, BUILDINGS, and STRUCTURES throughout the COUNTY.
 - a. The proposed Special Use could only have an effect on the value of real estate in the immediate vicinity. Regarding the effect on the value of real estate in the immediate vicinity other than the subject property:
 - (a) It is not clear whether or not the proposed Special Use will have any impact on the value of nearby properties without a formal real estate appraisal, which has not been requested nor provided, and so any discussion of values is necessarily general.

PRELIMINARY DRAFT**Case 106-S-23**
Page 13 of 24

- (b) An event center is authorized by Special Use Permit in the AG-2 Zoning District and therefore the Zoning Ordinance apparently has a presumption of no inherent incompatibilities between agricultural and residential use and an event center. Provided that the special conditions of approval sufficiently mitigate or minimize any incompatibilities between the proposed Special Use Permit and adjacent properties, there should be no significant effect on the value of nearby properties.
- b. In regards to the value of the subject property, it also is not clear if the requested Special Use Permit would have any effect.
 - (a) If the petitioners are denied the special use permit, the property can still be used as a residence.
- (3) Paragraph 2.0 (c) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to lessen and avoid congestion in the public streets.
 - a. Probable traffic impacts are reviewed under Item 8.C. of this Summary of Evidence.
 - (a) Increase in traffic volumes should be minimal.
- (4) Paragraph 2.0 (d) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to lessen and avoid hazards to persons and damage to property resulting from the accumulation of runoff of storm or flood waters.
 - a. No part of the subject property is in the flood hazard area.
- (5) Paragraph 2.0 (e) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to promote the public health, safety, comfort, morals, and general welfare.
 - a. In regards to public safety, this purpose is similar to the purpose established in paragraph 2.0 (a) and is in harmony to the same degree.
 - b. In regards to public comfort and general welfare, this purpose is similar to the purpose of conserving property values established in paragraph 2.0 (b) and is in harmony to the same degree.
- (6) Paragraph 2.0 (f) states that one purpose of the Ordinance is regulating and limiting the height and bulk of BUILDINGS and STRUCTURES hereafter to be erected; and paragraph 2.0 (g) states that one purpose is establishing, regulating, and limiting the BUILDING or SETBACK lines on or along any STREET, trafficway, drive or parkway; and paragraph 2.0 (h) states that one purpose is regulating and limiting the intensity of the USE of LOT AREAS, and regulating and determining the area of OPEN SPACES within and surrounding BUILDINGS and STRUCTURES.

These three purposes are directly related to the limits on building height and building coverage and the minimum setback and yard requirements in the Ordinance and the proposed site plan appears to be in compliance with those limits.

PRELIMINARY DRAFT

- (7) Paragraph 2.0 (i) of the Ordinance states that one purpose of the Ordinance is classifying, regulating, and restricting the location of trades and industries and the location of BUILDINGS, STRUCTURES, and land designed for specified industrial, residential, and other land USES; and paragraph 2.0 (j.) states that one purpose is dividing the entire COUNTY into DISTRICTS of such number, shape, area, and such different classes according to the USE of land, BUILDINGS, and STRUCTURES, intensity of the USE of LOT AREA, area of OPEN SPACES, and other classification as may be deemed best suited to carry out the purpose of the ordinance; and paragraph 2.0 (k) states that one purpose is fixing regulations and standards to which BUILDINGS, STRUCTURES, or USES therein shall conform; and paragraph 2.0 (l) states that one purpose is prohibiting USES, BUILDINGS, OR STRUCTURES incompatible with the character of such DISTRICT.

Harmony with these four purposes requires that the special conditions of approval sufficiently mitigate or minimize any incompatibilities between the proposed Special Use Permit and adjacent uses, and that the special conditions adequately mitigate any problematic conditions.

- (8) Paragraph 2.0 (m) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to prevent additions to and alteration or remodeling of existing buildings, structures, or uses in such a way as to avoid the restrictions and limitations lawfully imposed under this ordinance.

This purpose is directly related to maintaining compliance with the Zoning Ordinance requirements for the District and the specific types of uses and the proposed Special Use will have to be conducted in compliance with those requirements.

- (9) Paragraph 2.0 (n) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to protect the most productive agricultural lands from haphazard and unplanned intrusions of urban uses.

a. The proposed Special Use does not meet the definition of either “urban development” or “urban land use” as defined in the Appendix to Volume 2 of the Champaign County Land Resource Management Plan.

b. No land will be removed from agricultural production.

- (10) Paragraph 2.0 (o) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to protect natural features such as forested areas and watercourses.

a. The onsite pond was manmade. There are no other known natural features on the subject property.

- (11) Paragraph 2.0 (p) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to encourage the compact development of urban areas to minimize the cost of development of public utilities and public transportation facilities.

PRELIMINARY DRAFT**Case 106-S-23
Page 15 of 24**

The proposed Special Use does not meet the definition of either “urban development” or “urban land use” as defined in the Appendix to Volume 2 of the Champaign County Land Resource Management Plan.

- (12) Paragraph 2.0 (q) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to encourage the preservation of agricultural belts surrounding urban areas, to retain the agricultural nature of the County, and the individual character of existing communities.

No land will be removed from agricultural production.

- (13) Paragraph 2.0 (r) of the Ordinance states that one purpose of the zoning regulations and standards that have been adopted and established is to provide for the safe and efficient development of renewable energy sources in those parts of the COUNTY that are most suited to their development.

The proposed Special Use will not hinder the development of renewable energy sources.

GENERALLY REGARDING WHETHER THE SPECIAL USE IS AN EXISTING NONCONFORMING USE

11. Regarding the *Zoning Ordinance* requirement that in the case of an existing NONCONFORMING USE the granting of the Special Use Permit will make the use more compatible with its surroundings:
- A. The Petitioner has testified on the application: **“Yes, the property is preserving nature of a small pond and woods. The use will allow the community to seek mental wellness by being able to plan events/retreats while enjoying nature being preserved. Use is integral in maintaining and preserving the natural aspects of the property.”**
- B. The existing use on the property is not a nonconforming use.
