CCMHB President's Report

As President of the Champaign County Mental Health Board (CCMHB), it is my pleasure to present our 2023 Annual Report. Per the Illinois Community Mental Health Act (405 ILCS 20/), this fulfills the annual financial reporting requirement, with accounting of the year's revenues and expenditures, amounts paid to agencies by program, and costs of the I/DD Special Initiatives, a collaboration with the Champaign County Board for Care of Persons with a Developmental Disability (CCDDB). Descriptions of funded programs and utilization data are offered, with charts showing how financial resources were committed per sector, population, and service type. Closing out the Report is the Three-Year Plan with FY 2024 Objectives.

- From January through June, the second half of Program Year 2023 (July 1, 2022 to June 30, 2023) allocations were paid out. Applications for funding for Program Year 2024 (July 1, 2023 to June 30, 2024) were submitted in February and reviewed during the spring, with final allocation decisions made in May and June. The total of these awards was \$5,723,686. From July through December, the first half of these allocations was paid out.
- The Evaluation Capacity Building project is in full swing, with strong collaboration from CCMHB- and CCDDB-funded agencies. On November 3, the University of Illinois Family Resiliency Center sponsored an in-person Group Level Assessment (GLA) at the Champaign Public Library. The GLA is intended to generate participant-driven data and relevant action plans. Thirty-three staff members from nineteen agencies discussed evaluation strengths, weaknesses, possibilities, and threats, as well as the types and topics of future training and workshops. The project's next phases involve conducting additional analysis of the GLA, designing specialized trainings for staff, and providing one-on-one technical assistance to those organizations that expect to receive this level of support.
- During April, the CCMHB, along with its Alliance for Inclusion and Respect (AIR) partners, sponsored an anti-stigma film in the 24th annual Roger Ebert's Film Festival. Local expert, Dr. William Gingold, joined filmmakers for a post-screening discussion of intergenerational impacts of the Holocaust and relevance to today's world. On the final day of the festival, AIR hosted an art show and sale, featuring original work by artists and entrepreneurs, along with a demonstration of therapeutic art by an AIR member agency.
- On October 28, the 14th annual DISABILITY Resource Expo took place at Marketplace Mall, with 67 registered exhibitors and roughly 900 attendees. Nearly \$16,000 in cash and in-kind gifts were received, which is significantly more than the previous year! The Expo continues to perform an amazing job of linking persons with disabilities to healthcare services, resulting in a higher quality of life. The 2024 Expo should be even better!

In 2023, the CCMHB welcomed Dr. Lisa Liggins-Chambers, who stepped in to the unexpired term held by Ms. Alexa McCoy until early spring. At the end of the year, we expressed heartfelt appreciation to Mr. Matthew Hausman, who elected not to seek reappointment. His knowledge of and dedication to agencies, staff, and community were tremendously valuable.

In Champaign County, there is a mental health professional shortage, resulting in massive increases in behavioral health caseloads and limited services. Dealing with a mental health problem is difficult enough without having to deal with the societal stigmas connected with such conditions, let alone the racial, financial, and logistical challenges that many face. Individuals with co-occurring disorders are regularly held in our county jail rather than rehabilitation facilities where they can receive appropriate and essential care. This placement frequently leads to overpopulation in county jails. To make matters worse, without parity, people cannot receive the necessary quality care. As highlighted in our board meetings, agencies continue to remind us that strengthening the behavioral healthcare system will involve recruiting more psychiatrists, therapists, and counselors at a premium cost. The list goes on, and the difficulties ahead are considerable, as are our collective strength and determination. The CCMHB is dedicated to funding a comprehensive system of services and supports that ensure all community members have access to the least restrictive services to meet their needs.

It has been an honor to serve as your Board President, and I look forward to providing you with the best possible results.

Respectfully,

Jon Paul Youakim CCMHB President

Service Totals – Brief Narrative of What the Service Categories Represent

The Champaign County Mental Health Board funds a wide range of services through local human service providers of varying size and sophistication. The CCMHB invests in services that range from helping mothers and families with newborn babies into early childhood to supporting youth through adolescence and young adulthood to assisting adults and families dealing with life's challenges to helping the elderly with activities of daily living. The not for profit and government agencies that provide services with CCMHB funds range from small agencies with only a few employees and volunteers to large multi-million dollar agencies with over a hundred employees. Descriptions of the service activities supported in current and previous years are available at http://ccmhddbrds.org.

Regardless of their size, agencies are required to report on services delivered using four categories. Those categories must be broad enough to provide a certain amount of flexibility to account for how and to whom the programs delivered services. The four categories are Community Service Event (CSE), Service Contact (SC), Non-Treatment Plan Client (NTPC), and Treatment Plan Client (TPC). Each agency identifies, within each broadly defined category, what will be reported. Definitions of CSEs and SCs relate to types of activities. Definitions of TPCs and NTPCs relate to who has been served and require a certain level of documentation associated with the service. Some programs may only report under one of the categories, others may report on all four. Which and how many categories an agency reports activity under depends on the services provided by the program.

Community Service Events (CSEs) can be public events, work associated with a news interview or newspaper article, consultations with community groups and caregivers, classroom presentations, and small group workshops and training to promote a program or educate the community. Meetings directly related to planning such events may also be counted here. Examples: Family Service Self-Help Center planning and hosting of a biannual self-help conference; newsletters published by the East Central Illinois Refugee Mutual Assistance Center.

A Service Contact (SC), also referred to as a screening contact or service encounter, represents the number of times a program has contact with consumers. Sometimes this can be on behalf of someone who is being served by the program. Or it can be sharing of information, fielding a call about services, or doing an initial screenings or assessment. Example: number of calls answered by the Crisis Line run by Rosecrance.

A Non-Treatment Plan Client (NTPC) is someone for whom services are provided and a record of the service exists but an individualized treatment plan has not been necessary or one was initiated but does completed. Example: a person who comes into the domestic violence shelter at Courage Connection but leaves within a few days before fully engaging in services.

A Treatment Plan Client (TPC) has traditionally meant people engaged in services where an assessment and treatment plan have been completed and case records are maintained. This applies to agencies such as Promise Healthcare, Rosecrance, and others. It can also represent an individual receiving a higher level of care within the spectrum of services provided within a program.

Most contracts are funded as grants while a few are paid on a fee for service basis or submit individual-level claims reports. For the two latter, details include number and type of units of service.

Utilization Summaries for PY2023 Champaign County Mental Health Board Funded Programs

TPC = Treatment Plan Client
NTPC = Non-Treatment Plan Client
CSE = Community Service Event
SC = Screening Contact or Service Contact
Other = as defined in individual program contract

Many of the contract award amounts listed are not equal to actual cost of the program, as agencies are completing independent audit reports, which will be used to determine any excess revenue to be returned; excess revenue often results from understaffing, one cause of underutilization. These may result in future revisions to this report.

Detail on each program's performance toward defined consumer outcomes during the contract period, July 1, 2022 to June 30, 2023, is available at http://ccmhddbrds.org, among downloadable public files toward the bottom of the page. The relevant document is titled "CCMHB PY23 Performance Outcome Reports." It is also posted on our section of the County website, Public Documents Page.

CHAMPAIGN COUNTY MENTAL HEALTH BOARD

WHEREAS, the Champaign County Mental Health Board has been established under Illinois Revised Statutes (405 ILCS – 20/Section 0.1 et. seq.) in order to "construct, repair, operate, maintain and regulate community mental health facilities to provide mental health services as defined by the local community mental health board, including services for, persons with a developmental disability or substance use disorder, for residents thereof and/or to contract therefor..."

WHEREAS, the Champaign County Mental Health Board is required by the Community Mental Health Act to prepare a one- and three-year plan for a program of community mental health services and facilities;

THEREFORE, the Champaign County Mental Health Board does hereby adopt the following Mission Statement and Statement of Purposes to guide the development of the mental health plan for Champaign County:

MISSION STATEMENT

The mission of the CCMHB is the promotion of a local system of services for the prevention and treatment of mental or emotional, intellectual or developmental, and substance use disorders, in accordance with the assessed priorities of the citizens of Champaign County.

STATEMENT OF PURPOSES

- 1. To plan, coordinate, evaluate, and allocate funds for the comprehensive local system of mental health, intellectual and developmental disabilities, and substance use disorder services for Champaign County.
- 2. To promote family-friendly community support networks for the at-risk, underserved, and general populations of Champaign County.
- 3. To increase public and private support for the local system of services.
- 4. To further develop systematic exchange of information about local services and needs between the public/private service systems and the CCMHB.

To accomplish these purposes, the Champaign County Mental Health Board must collaborate with the public and private sectors in providing the resources necessary for the effective functioning of the community mental health system.

COORDINATED SYSTEMS OF CARE

Comprehensive and
Diverse Set of Service
Approaches and
Strategies

High Quality/Effective
Care

Goal #1:

Support a continuum of services to improve the quality of life experienced by individuals with mental or emotional disorders, substance use disorders, or intellectual and/or developmental disabilities and their families residing in Champaign County.

Objective 1.1: With input from people served and their loved ones, whenever possible, and with clear connection between the model and best outcomes for people served, encourage use of appropriate evidence-based, evidence-informed, recommended, innovative, or promising practice models.

(Allocation Priority/Criteria Objective)

Objective 1.2: Promote wellness for people with MI, SUD, or I/DD, to prevent and reduce early mortality, through access to services addressing basic needs, enrollment in benefit plans, and coordinated access to primary care.

(Allocation Priority/Criteria and Collaboration/Coordination Objective)

Objective 1.3: Support development or expansion of residential and employment supports for persons with behavioral health diagnoses and no other payor source.

(Allocation Priority/Criteria Objective)

Objective 1.4: Encourage and participate in community efforts to prevent overdose deaths and expand SUD prevention and treatment. (Allocation Priority/Criteria and Collaboration/Coordination Objective)

Objective 1.5: Build resiliency and support recovery, e.g. peer supports, outside of a clinical setting. Peer-run/operated, mutual help groups support professional medical therapy for recovery, maintenance of recovery, and familial support.

(Allocation Priority/Criteria Objective)

Objective 1.6: Utilizing expertise of consultant(s) selected through RFP2022-010, build evaluation capacity of contracted providers in order to improve positive outcomes for those engaging in funded services. (Policy Objective)

Objective 1.7: Engage with consultant(s) selected through RFP2022-010 to improve providers' ability to set internal goals for advancing the evaluation of program performance outcomes. (Policy Objective)

Objective 1.8: Support workforce recruitment and retention initiatives, with level of assistance linked to length of service commitment or specialized trainings.

(Allocation Priority/Criteria Objective)

Objective 1.9: Enable providers to implement flexible service options, such as telehealth or other virtual means, to maintain and improve access and engagement with clients and community. (Collaboration/Coordination Objective)

Objective 1.10: With input from people with relevant lived experience, their loved ones, service providers, and other stakeholders, and through other needs assessment activities and environmental scan, develop and review a new Three-Year Plan for 2025-2027. (Policy Objective)

Accessible
with regard to Race,
Class, Geography,
Gender, Sexual
Orientation, Ability,
Age

Culturally Competent
and Inclusive

Goal #2:

Sustain commitment to addressing health disparities experienced by historically underinvested populations.

Objective 2.1: Support an inclusive network of culturally and linguistically responsive and family driven support groups. (Allocation Priority/Criteria Objective)

Objective 2.2: Provide technical assistance for continuous improvement of funded agency providers' cultural and linguistic competence plans to meet the needs of all people served. (Collaboration/Coordination Objective)

Objective 2.3: Encourage community-based organizations to allocate resources for training, technical assistance, outreach, language access and communication assistance, and professional development activities for all staff and governing or advisory boards, to advance cultural and linguistic competence and attract and retain a diverse professional workforce.

(Allocation Priority/Criteria Objective)

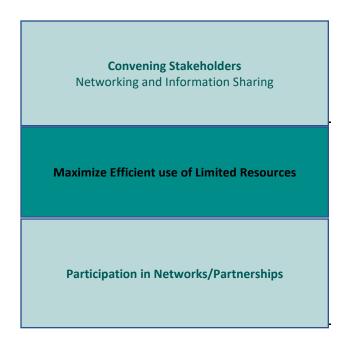

Objective 2.4: Where families and communities are disproportionately impacted by incarceration, encourage the development of social networks, peer supports and mentors, and improved access to resources.

(Allocation Priority/Criteria and Policy Objective)

Objective 2.5: Assess and address the unmet MI, SUD, or I/DD service and support needs of residents of rural areas and farm communities, with assistance from the Regional Health Plan Collaboration. (Collaboration/Coordination and Policy Objective)

Objective 2.6: With assistance from the Regional Health Plan Collaboration, assess the impact of public health threats on racial, ethnic, gender and/or sexual minority groups or other at-risk populations in Champaign County. Encourage providers to improve health and behavioral health outcomes for all residents. (Collaboration/Coordination and Allocation Priority/Criteria Objective)

Objective 2.7: Improve the categories of demographic data to be collected and reported by funded agency programs, to more accurately represent the people who are being served. (Collaboration/Coordination Objective)

Goal #3:

On behalf of all eligible Champaign County residents, improve access to the supports, services, and resources currently available and beneficial to some.

Objective 3.1: Participate in and report on various coordinating councils whose missions align with the needs of the populations of interest to the Board with the intent of strengthening coordination between providers in the delivery of services. Create opportunities for people with relevant lived experience to participate in or shape the work of these councils.

(Collaboration/Coordination Objective)

Objective 3.2: Communicate on issues of mutual interest with the C-U Public Health District (CUPHD) and the Champaign County Board, such as interpersonal and community violence or Opioid Use Disorder. (Collaboration/Coordination Objective)

Objective 3.3: Engage with CUPHD, United Way, Carle Foundation Hospital, and OSF in the Regional Health Plan Collaboration toward the next Community Health Improvement Plan. (Collaboration/Coordination Objective)

Objective 3.4: Increase awareness of community services and access to information on when, where, and how to apply for services, including through system navigators and expanded language access. (Allocation Priority/Criteria and Collaboration/Coordination Objective)

Objective 3.5: Encourage providers to offer services in neighborhood community centers to reach all areas and people of Champaign County. (Collaboration/Coordination Objective)

Goal #4:

Continue the collaborative working relationship with the Champaign County Board for Care and Treatment of Persons with a Developmental Disability (CCDDB).

Objective 4.1: Coordinate integration, alignment, and allocation of resources with the CCDDB to ensure the efficacious use of resources

for people with I/DD. (Allocation Priority/Criteria Objective)

Objective 4.2: Increase the reach and variety of strategies that empower people who have I/DD and improve their access to integrated community settings. (Policy Objective)

Objective 4.3: Using input from people who have I/DD, collaborate with the CCDDB on promoting inclusion and respect for people with I/DD. (Allocation Priority/Criteria and Collaboration/Coordination Objective)

Objective 4.4: Using input from people who have I/DD, collaborate with the CCDDB for use of the funds from the sale of the CILA homes to meet the needs of Champaign County residents with I/DD with significant support needs.

(Policy and Allocation Priority/Criteria Objective)

CHILDREN AND FAMILY FOCUSED PROGRAMS AND SERVICES

Increase Understanding, Representation,
Communication, and Amplification of the
Wants and Needs of Consumers and Families

Flexible/Responsive
to consumers and families

Goal #5:

Building on progress achieved through the six-year Cooperative Agreement between the Federal Substance Abuse and Mental Health Services Administration (SAMHSA), the Illinois Department of Human Services (IDHS), and the Champaign County Mental Health Board (CCMHB), sustain the SAMHSA/IDHS system of care model.

Objective 5.1: Participate in the Champaign County Community Coalition and other system of care initiatives. Strengthen relationships across the child- serving systems. (Collaboration/Coordination Objective)

Objective 5.2: Build on the successes of Champaign County family-run organizations that incorporate family-driven and youth-guided principles in use of peer support specialists, and other peer-to-peer supports to assist multi-system involved youth and their families. (Allocation Priority/Criteria Objective)

Objective 5.3: Support development of a coordinated response to community violence, including gun violence, that leverages existing investments by the Board in prevention and early intervention services for children, youth, and families, with funds from other funders to mitigate the public health crisis associated with community violence and in particular gun violence. (Collaborative/Coordination and Policy Objective)

Objective 5.4: Promote and support interventions that specifically address historical trauma experienced by African American and other minority youth.

(Allocation Priority/Criteria Objective)

Objective 5.5: Sustain commitment to building systems that are trauma-informed, family-driven, youth-guided, and culturally responsive. Encourage cross-system collaborations, such as through the Child and Adolescent Local Area Network, to improve student outcomes, share resources, and foster professional growth. (Policy and Collaboration/Coordination Objective)

Objective 5.6: Acknowledging racial trauma as a mental health issue, identify an appropriate response. (Policy Objective)

Objective 5.7: Advocate at local, state, and national levels for full implementation and funding of safety net, screening, and crisis response for all children and families, including those who have multisystem involvement or encounter multiple barriers to success and health. Barriers include long wait times for psychiatric care and complicated or siloed regulatory and payment systems. (Collaboration/Coordination Objective/Policy Objective)

Objective 6.1: Continue involvement in the Crisis Intervention Team Steering Committee in support of increased collaboration between law enforcement and crisis service providers toward positive health and behavioral health outcomes for all Champaign County residents. Encourage and use input from people who have experienced a behavioral health crisis, along with their family members and peers. (Collaboration/Coordination Objective)

Objective 6.2: Sustain efforts to engage persons with behavioral health diagnoses re-entering the community from jail or prison or with recent involvement with the criminal justice system, in treatment and other support services such as the Champaign County Problem Solving Court and reentry services. Improve these services and supports by using input from people with relevant lived experience. (Allocation Priority/Criteria Objective)

Objective 6.3: Support integrated planning and service coordination for adults involved in the criminal justice system through participation in the Champaign County Reentry Council and Problem Solving Court Steering Committee to address identified needs. (Collaboration/Coordination Objective)

Objective 6.4: Through the National Association of County Behavioral Health and Developmental Disability Directors (NACBHDD), in its partnership with the National Association of Counties (NACo), use and promote technical assistance and support to improve outcomes for Champaign County residents who have behavioral health needs and

justice system involvement. (Collaboration/Coordination Objective)

Goal #7:

In conjunction with the Champaign County Sheriff's Office, other law enforcement, and community stakeholders, pursue a continuum of services as an alternative to incarceration and/or overutilization of local emergency departments for persons with behavioral health needs or developmental disabilities.

Objective 7.1: Support local collaborations to increase housing and employment supports for persons with MI, SUD, or I/DD. (Allocation Priority/Criteria and Collaboration/Coordination Objective)

Objective 7.2: Identify behavioral health assessments, crisis stabilization, treatment options, and other supports and services which reduce unnecessary incarceration, hospitalization, and institutionalization.

(Collaboration/Coordination Objective)

Objective 7.3: Collaborate in the development of a full crisis response continuum around 988, with input from people who have experienced a behavioral health crisis.

(Allocation Priority/Criteria and Collaboration/Coordination Objective)

Goal #8:

Support interventions for youth who have juvenile justice system involvement.

Objective 8.1: Through participation on the Youth Assessment Center Advisory Committee or other similar collaboratives, advocate for community and education-based interventions contributing to positive youth development and decision-making. (Collaboration/Coordination Objective)

Objective 8.2: Through participation in the Champaign County Community Coalition and other community focused initiatives, encourage multi-system collaborative approaches for improving outcomes for youth and families and communities. (Collaboration/Coordination Objective)

COMMUNITY ENGAGEMENT & ADVOCACY

Goal #9:

Address the need for acceptance, inclusion, and respect associated with a person's or family members' mental illness, substance use disorder, intellectual and/or developmental disability through broad based community education efforts to increase community acceptance and positive self-image.

Objective 9.1: Continue efforts to promote inclusion and challenge stigma and discrimination, such as the disABILITY Resource Expo, Ebertfest, National Children's Mental Health Awareness Day, and other related community education events. Whenever possible, include student groups or interns in these efforts. (Collaboration/Coordination Objective)

Objective 9.2: Promote SUD prevention initiatives as a community education tool targeting youth and young adults. (Collaboration/Coordination Objective)

Objective 9.3: Promote behavioral health community education initiatives, such as National Depression Screening Day, to encourage individuals to be screened and seek further assistance where indicated. (Collaboration/Coordination Objective)

Objective 9.4: To integrate people with behavioral health disorders and/or I/DD into community life in Champaign County, seek out and share their direct input with other collaborations and leadership. Whenever possible, include these people in any collaborations which have been formed on their behalf. Emphasize inclusion as a benefit to all members of the community, regardless of ability. (Allocation Priority/Criteria Objective)

Objective 9.5: Support Mental Health First Aid for Adults, Youth, and Teens, to encourage community members to provide first responder support for people who may be experiencing a crisis. (Collaboration/Coordination Objective)

Objective 9.6: With input from people who have MI, SUD, or I/DD, support development of web-based resources to make information on community services and resources more accessible and user-friendly. (Collaboration/Coordination Objective)

Increase Influence on Policy at Local, State, and Federal Levels

Goal #10:

Engage with other local, state, and national stakeholders on emerging issues.

Objective 10.1: Monitor the local impacts of changes in Medicaid and Managed Care and advocate, through Association of Community Mental Health Authorities of Illinois (ACMHAI) and along with other statewide associations and advocacy groups for increased service capacity and service options sufficient to meet demand in Champaign County.

(Collaboration/Coordination Objective)

Objective 10.2: Track relevant class action cases, e.g., Ligas Consent Decree and Williams Consent Decree, and advocate for the allocation of state resources sufficient to meet needs of clients returning to home communities or seeking fuller integration in their communities. (Policy Objective)

Objective 10.3: Participate in the National Association of County Behavioral Health and Developmental Disability Directors (NACHBDD), National Association of Counties (NACo), and similar organizations, to understand and report on trends, best practices, and innovations and to advocate at the national level. (Collaboration/Coordination Objective)

Objective 10.4: Track implementation of the Pathways to Success program to improve access and treatment to children and youth for community based mental health and behavioral health care under the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) provisions of the Medicaid Act. (Policy Objective)

Objective 10.5: With other organizations whenever appropriate, advocate at the state and national levels on the issue of behavioral

health and I/DD workforce shortages. As opportunities arise, participate in planning and policy development with state agencies such as IDHS, and use these opportunities to advocate for the needs and choices of Champaign County residents, based on direct and indirect input from people with MI, SUD, or I/DD.

(Policy Objective)

Objective 10.6: Monitor the transition to a new Independent Service Coordination provider, as well as the system of I/DD services funded by the state of Illinois. Advocate on behalf of and with those residents of Champaign County who receive Home Based Support, who have been selected from PUNS, or who are eligible and enrolled and waiting for PUNS selection.
