Services Proposal & Agreement

General Terms & Conditions:

- 1.) All payments are due net 30 days from invoice, unless otherwise specified and agreed by all parties in writing
- 2.) All applications for payment will be submitted as stated within "Attachment C - Fee Schedule", unless otherwise agreed to in writing.
- 3.) Monthly recurring charges will be billed quarterly, in advance of the service period; due on the first day of each calendar quarter upon completion of installation. Customer shall pay the pro rated share of all charges for the month in which service commences.
- 4.) Monthly monitoring and software service are for an initial agreed period of SIXTY (60) months, from completion of installation and/or programming of the System and will automatically renew for consecutive TWELVE (12) months unless either party notifies the other, in writing the desire to terminate, not less than sixty (60) days prior to the expiration of the original term or the expiration of any renewal term.
- 5.) The work to be accomplished, as a result of this proposal, is limited strictly to the task outlined in this proposal. No changes can be made without written agreement.
- 6.) Validity - This proposal is valid for 30 days from initial date of proposal as shown above as "Proposal Date"
- 7.) Change Orders - If changes are required, a price estimate will be provided for customer approval prior to proceeding.
- 8.) Price assumes D1 technicians will have access to the site to perform their work on the date and time mutually agreed upon as the scheduled installation date.
- 9.) Deficiencies - During the course of installation, should there be any deficiencies, code infringements, or other issue, D1 Networks will contact customer and provide a Change Order to correct if applicable.
- 10.) Terms and Conditions - acceptance of this proposal is mutually contingent upon acceptance of the Terms and Conditions for System Service and Monitoring. See Attachment "B". Any Purchase Order issued against this proposal will automatically assume acceptance of these Terms & Conditions.
- 11.) Discount/Deferred Installation Price is in exchange for maintaining Monthly Monitoring Service according to the contract term above. Should the monthly monitoring cease at customers request or cause, the equipment installation cost will become immediately due and payable.
- 12.) Permits - Permits for installation and/or monitoring for the alarm system are the responsibility of the customer to obtain and maintain; with exception of those permits legally required by jurisdictions to be obtained by installing contractor.
- 13.) Confidential - All information and content contained within this proposal is considered confidential

Exclusions:

- 1.) Proposal assumes all work to be done during normal business hours, M-F 7AM-5PM.
- 2.) Proposal assumes Fire Alarm System to be fully functional. Anything needing replaced to be provided at additional cost.
- 3.) Proposal assumes anything outside of the original scope of work to be provided at additional cost.
- 4.) Proposal assumes any material additional to Attachment A to be provided at additional cost.
- 5.) All 120V to be done by others.

Backup Communication

Customer understands that D1 Networks, LLC has effectively communicated the difference between VOIP service versus standard telephone line service; and that D1 Networks, LLC recommends the use of standard telephone line service and communication with cellular or radio backup. VOIP could be less reliable and not compatible with certain alarm system features. Customer may choose the use of VOIP at their discretion and sole risk.
